Daffodil International University (DIU)

Policy on Study/Industry Visit/ Field Visit payment both Students, Teachers and University

1. Purpose

This policy aims to establish a standardized framework for planning, approval, implementation, monitoring, and evaluation of Study/Industry Visit/ Field Visit payment both Students, Teachers and University conducted by Daffodil International University (DIU). The policy is intended to ensure that all academic visits contribute effectively to experiential learning while maintaining the highest standards of student safety, academic integrity, and institutional accountability.

2. Scope

This policy shall apply to all faculties, departments, institutes, academic programs, students, faculty members, officers, and staff involved in organizing or participating in Study/Industry Visit/ Field Visit under the authority of Daffodil International University.

3. Financial Policy

3.1 Budget Inclusion

The estimated cost of Study/Industry Visit/ Field Visit shall be incorporated into the approved tuition fee structure and Admission Prospectus, where applicable.

3.2 Multiple Visits

Where a course requires multiple visits, the department shall ensure that the cumulative expenditure remains within the budget allocated in the Prospectus. Departments should ensure that all Study/Industry Visit/ Field Visit are planned within the financial allocation stipulated in the approved Admission Prospectus and fee structure. No additional financial obligation shall be imposed on students beyond the approved amount allocated for such academic activities.

3.3 Faculty Expenses

The University shall bear the expenses of officially assigned faculty members & official staff accompanying students during the visit.

4. Academic Requirement

4.1 Mandatory Academic Assessment

Every Study/Industry Visit/ Field Visit shall be integrated with the corresponding course learning outcomes.

4.2 Report Submission

Students shall be required to submit an individual or group report, presentation, reflection paper, or other approved academic assignment based on the visit.

4.3 Marks Distribution

A specified percentage of marks shall be allocated in the relevant course assessment for successful completion of the visit-related academic activities. The marks distribution shall be clearly stated in the course outline.

5. Faculty Responsibility

5.1 Mandatory Faculty Accompaniment

No official Study/Industry Visit/ Field visit shall be conducted without the presence of assigned faculty members.

5.2 Faculty-Student Ratio

The following minimum supervision ratio shall be maintained:

- Up to 25 students: Minimum 1 faculty member.
- Up to 50 students: Minimum 1-2 faculty members.
- Additional faculty members, Staffs may be assigned depending on the nature, duration, destination, and associated risks of the visit.

5.3 Duties of Accompanying Faculty

The assigned faculty members shall:

a. Supervise students throughout the visit.
b. Ensure discipline and compliance with University regulations.
c. Maintain communication with the department and University authorities.
d. Address emergencies promptly.
e. Prepare and submit the post-visit report.

6. Student Consent and Guardian Permission

6.1 Guardian Consent

Prior to any visit, every student must submit a duly signed consent form from his/her parent or legal guardian. The Department Head shall ensure that all consent forms are properly collected and preserved for future reference.

6.2 Confirmation by Department

The Batch Adviser and/or Department Coordination Officer shall confirm guardian consent through both:

a. Official SMS or digital communication; and b. Direct telephone communication.

These records shall be preserved for institutional documentation and future reference.

7. Safety and Risk Management

7.1 Risk Assessment

Before final approval, the department shall evaluate:

a. Political situation b. Weather conditions c. Natural disaster risks d. Public health concerns
d. Local security situation e. Transportation safety and f. Other potential hazards.

7.2 Student Orientation

Students shall receive a mandatory pre-visit orientation covering:

a. Objectives of the visit b. Institution or industry profile c. Expected learning outcomes
d. Code of conduct e. Safety guidelines f. Emergency procedures and g. Local regulations.

7.3 Student Conduct

Students shall remain with the assigned group throughout the visit and shall comply with all instructions issued by the accompanying faculty members.

Students shall not leave the group or engage in any unauthorized activity without prior approval from the faculty responsible members.

7.4 Special Safety Measures

The accompanying faculty members shall exercise enhanced supervision to ensure the safety and well-being of all students, particularly during travel, accommodation, field activities, and visits to unfamiliar environments. No student shall separate from the designated group without prior permission from the responsible faculty member.

8. Transport Support

The University shall arrange suitable transportation for all approved Study/Industry Visit/ Field Visit. Transportation shall be planned and managed by the department concerned in coordination with the appropriate administrative office to ensure the safety, security, and timely movement of all participants.

Where applicable:

a. The University shall ensure that all transport vehicles comply with applicable safety standards and are operated by licensed drivers.
b. Transportation schedules, boarding points, and emergency contact information shall be communicated to all participants prior to departure.
c. No participant shall use unauthorized transportation during the official visit without prior approval from the faculty responsible member.
d. In the event of unforeseen circumstances affecting transportation, the responsible faculty members shall coordinate with the University authority to implement appropriate alternative arrangements.

9. Liability

The University shall take all reasonable measures to ensure the safety and security of participants. However, Daffodil International University shall not be held liable for incidents arising from:

a. Natural disasters b. Extreme weather conditions c. Political unrest d. Acts of terrorism
e. Civil disturbances f. Epidemics or pandemics g. Government restrictions or Other events beyond the University's reasonable control.

Students shall strictly comply with all University instructions and applicable laws throughout the visit.

10. Approval Procedure

10.1 Prior Approval

Every Study/Industry Visit/ Field Visit must obtain prior approval through the appropriate University authority before any financial commitment or travel arrangement is made.

*The organizers will take reasonable measures to ensure safety and supervision. However, participation involves inherent risks. The university and organizing authority shall not be liable for any accident, injury, illness, loss, or unforeseen incident during the program, including travel.

10.2 Planning Timeline

Departments shall submit proposals sufficiently in advance (minimum 10 days prior) to facilitate administrative processing, financial approval, transportation arrangements, and risk assessment. Priority should be given to related Study/Industry/Field Visits within or in the nearest areas of DIU.

11. Coordination with Local Authorities

Where necessary, the University shall communicate the visit schedule and relevant information to the local administration, law enforcement agencies, or other competent authorities to ensure security and emergency support.

Students and faculty members shall comply with all local laws, institutional regulations, and safety requirements during the visit.

12. Post-Visit Reporting

Within a reasonable period after completion of the visit, the responsible faculty members shall jointly submit a comprehensive report to the department.

The report shall include:

a. Objectives achieved b. Student participation c. Academic outcomes
d. Photographic documentation e. Challenges encountered f. Risk observations
g. Financial summary (where applicable) and h. Recommendations for future improvement.

The department shall preserve these reports as institutional records and reference materials for future academic visits.

13. Policy Compliance

Failure to comply with this policy may result in cancellation of the visit or other administrative actions as deemed appropriate by the University authority.
