Self-Assessment Report (SAR) for BAETE Accreditation

Criterion 10
Interactions with the industry

Program: B.Sc. in Textile Engineering
Department of Textile Engineering

Criterion 10: Interactions with the Industry

10.1 Industrial advisory panel:

The Department of Textile Engineering (TE), DIU, has already formed an Industrial Advisory Panel (IAP) whose role is to facilitate the exchange of information and ideas between academia and industry and to provide strategic advice on education and research activities. The Department meets with the IAP at least once a year to review the effectiveness and quality of the program and to receive invaluable comments and recommendations for updating the curriculum in order to shape the next generation of engineers for the industry. The list of IAP members is given in Appendix 10.1.1.

Before the formation of the IAP, the Department used to invite industry experts to seek their suggestions. Faculty members also visited industries at least once a year and participated in discussions on departmental laboratory development, curriculum improvement, and graduate quality enhancement. Recently, the department has formally established the Industry Advisory Panel and started arranging regular meetings to ensure the continuous development of the department. The meeting notice and the attendee list are attached in the appendix (10.1.2-10.1.3), and the meeting minutes are attached in the appendix (10.1.4).

10.2 Alumni association

There is an active alumni association in the Department of Textile Engineering. The alumni association plays a vital role for the department. An alumni executive committee, which is formed by an election, works as a representative of alumni of the department. There is also a constitution, which is also approved by the authority of the university. The formation, membership, and operating process of the association are described in the DIUTAA constitution (Appendix 10.2.1). The executive committee is given in the appendix (10.2.2).

The department generally communicates with the DIUTAA executive committee by prior notice. The association has developed a website and database for smooth communication with the department, current students, and alumni; the website links are given in Table 10.2 (a). Meeting notices with the alumni and attendee list are attached in the appendix (10.2.3-10.2.4), and the meeting minutes are attached in the appendix (10.2.5). Alumni activities are also given below in Table 10.2 (b).

Table 10.2. (b): Alumni Activities

SL	Name	Date	Description
1	Get-Togethers & Grand Reunions	Ongoing / Upcoming in 2026	Strengthening alumni relationships, networking, and maintaining lifelong connection with the department.
2	DIUTAA Thursday Live Seminar	Recurring Program	Alumni and industry experts share professional experiences, knowledge, and career guidance with students.
3	Alumni Entrepreneur Networking Forum	Periodic	Networking and collaboration among alumni entrepreneurs and industry professionals.
4	Career Roadmap in Marketing & Merchandising (Episode 5)	11 Sep 2025	Career pathways in marketing, merchandising, costing, and business development.
5	Annual Sports Day	2025	Promoting alumni bonding, networking, wellness, and engagement with current students.
6	Preparing for Job Interviews	27 Feb 2025	Interview preparation techniques and professional communication skills.

SL	Name	Date	Description
7	Denim Fabric and Career Prospect in Denim Sector	23 Feb 2025	Denim fabric technologies and career opportunities in the denim sector.
8	Webinar on Career Guidance	13 Dec 2024	Career planning, educational guidance, and professional development strategies.
9	Professional Training on All Over Printing & Design Development – Session 1	11 Sep 2021	Training on AOP technologies and design development practices.
10	30 Minutes with Alumni	24 Apr 2021	Bangladesh RMG industry, product diversification, merchandiser employability, and MNC opportunities.
11	Any Question-Answer for Acquiring Knowledge of the Textile World	16 Aug 2020	Open discussion on textile sector overview, career opportunities, and industry knowledge.
12	Future Challenge of Sustainable & Cost Saving Technique in Garments Washing (R&D)	7 Aug 2020	Sustainable washing techniques, cost-saving methods, and process development in garments washing.
13	Study for Professional Life	24 Jul 2020	Professional merchandising, business planning, techniques, and management training.
14	Covid-19 & Future of Textile Industry	20 Jun 2020	Impact of Covid-19 on the textile sector, survival strategies, and future opportunities.
15	Expert's Conversation of Washing in the Bond of Textile World	22 May 2020	Washing sector basics and future challenges after Covid-19.

10.3 Participation of the Industry Experts in academic updates

The Department of Textile Engineering, DIU, ensures systematic industrial participation in the establishment, review, and continuous improvement of its Program Educational Objectives (PEOs), Program Outcomes (POs), and curriculum through a multi-channel mechanism involving the Industrial Advisory Panel (IAP), structured employer and alumni surveys, and formal MoU-based academic-industry collaborations. The following describes how each channel contributes to keeping the program objectives, outcomes, and curriculum aligned with industry needs.

a) Industrial participation in PEO establishment:

As described in Section 7.3.1, the Program Educational Objectives (PEOs) of the Department were established through a collaborative process in a general departmental meeting held on 10 March 2021, attended by all faculty members of the Department of Textile Engineering, in which the requirements and expectations of the textile industry were explicitly considered. During this meeting, the draft PEO statements were finalized, ensuring alignment with the vision and mission of DIU and the departmental mission. Concurrently, alumni and employer survey questionnaires (comprising 13 questions) were prepared, and each question was mapped to one or more PEOs to facilitate future indirect

measurement. The finalized PEOs were subsequently submitted to and approved by the Academic Council of DIU as part of the formal syllabus approval process. The IAP members (listed in Table 10.1), comprising senior professionals, technical directors, general managers, and chief executives from reputed textile and apparel industries, provide ongoing inputs through structured meetings to ensure the PEOs remain aligned with current and anticipated industry needs. Copies of the general meeting proceedings, approved PEOs, survey questionnaires, PEO–question mapping, and the Academic Council approval are available in the curriculum documentation (Chapter 6), Appendix 7.3.A.

b) Industrial participation in PEO Measurement and Review (correlated with Section 7.3.3):

As described in Section 7.3.3, the attainment of PEOs is measured through both indirect and direct assessment methods. For the indirect method, a 13-question survey instrument, in which each question is explicitly mapped to one or more PEOs, is administered to industry employers and alumni who are working in the field 3–5 years after graduation. Employers therefore directly participate in evaluating the extent to which the program's objectives are being met in professional practice. The rubrics and benchmark thresholds were approved in a subsequent general departmental meeting held on 11 March 2021. Responses are assessed using a 5-point Likert scale (Strongly Agree = 5 to Strongly Disagree = 1), and PEO attainment is computed as Attainment = (Average Score / 5) × 100. The approved benchmark thresholds are ≥70% (Attained), 60–69% (Partially Attained), and <60% (Not Attained). A pilot alumni survey conducted by the department yielded baseline PEO attainment scores ranging from 80.0% to 88.0%, with all five PEOs classified as attained. In addition, a direct PEO measurement method has been implemented using Program Outcome (PO) attainment values derived from dominating course performance data (Spring 2024), yielding attainment values ranging from 66.0% to 72.3%. The first full-scale PEO measurement cycle is scheduled for December 2027. Survey instruments, mapping tables, rubrics, benchmark tables, pilot results, and calculation sheets are available in Appendix 7.3.A, Appendix 7.3.B, Appendix 7.3.C, and Appendix 7.3.D.

The Department of Textile Engineering at Daffodil International University (DIU) has consistently engaged industry professionals in academic enrichment activities up to 2026, as evidenced by a structured series of seminars, workshops, training sessions, webinars, and industry events. Apart from that, industry experts are also involved in direct course conduction, such as contributing to regular and micro-credential courses. These interactions reflect the department's commitment to aligning its academic objectives and curriculum with current and emerging industry demands.

10.3.1 Events, Seminars, and Workshops Led by Industrial Experts: Over this period, the department organized 21 documented events involving industry practitioners from leading national and multinational organizations such as H&M (Shanghai), Inditex/ZARA, Columbia Sportswear, Urmi Group, Ratul Group, and Dongyi Sourcing Ltd, among others. These events span a diverse range of industry-relevant themes, including sustainable washing and garment finishing, digital color management, all-over printing (AOP) technology, denim fabric and career development, professional merchandising and business planning, as well as industry-aligned soft skills for workplace readiness.

Industry participation is demonstrated through multiple formats: expert-led seminars (11 events) brought practitioners directly into the academic environment to share sector knowledge and career perspectives; professional training sessions (2 events, e.g., AOP sessions in September 2021) exposed students to specialized technical skills aligned with contemporary manufacturing practices; webinars (2 events) facilitated panel-based discussions with multi-industry representation, and a masterclass on résumé writing was conducted in partnership with the Bangladesh Youth

Leadership Center (BYLC). Two high-profile summits, the International Summit on Textile Innovations and Sustainability (April 2024) and the National Summit on Textile Printing (April 2026), will further institutionalize industry-academia engagement at a formal level. These event photographs are attached in Appendix 10.3.1.

Table 10.3 (a): Impact of Professional Development Activities on Academic Updates

SL	Event Name	Date	Impact
1	Expert's Conversation of Washing in the Bond of Textile World	22 May 2020	Enhanced students' understanding of washing technologies, post-COVID textile industry challenges, and industrial practices.
2	Study for Professional Life	24 Jul 2020	Improved students' professional merchandising, business planning, and management skills for career development.
3	COVID-19 & the Future of the Textile Industry	20 Jun 2020	Helped students understand the impact of COVID-19 on the textile industry and future survival strategies.
4	Future Challenge of Sustainable & Cost Saving Technique in Garments Washing (R&D)	7 Aug 2020	Promoted knowledge on sustainable washing techniques and cost-saving innovations in garment manufacturing.
5	Professional Training on All Over Printing & Design Development – Session 1	11 Sep 2021	Developed students' technical skills and industry knowledge in all-over printing and design development.
6	Professional Training on All Over Printing & Design Development – Session 2	13 Sep 2021	Enhanced practical exposure to AOP technologies and professional industrial practices.
7	Importance of Color and Color Variation in Textile Industry	29 May 2022	Improved academic and practical understanding of textile coloration and quality control.
8	Importance of Digital Colour Management	5 Aug 2023	Enhanced students' competency in modern digital color management tools and industrial applications.
9	Denim Fabric and Career Prospect in Denim Sector	23 Feb 2025	Increased knowledge about denim technology and career opportunities in the denim industry.
10	Right Behavioral Approach for Professional Growth in the Workplace	25 Feb 2025	Developed students' workplace behavior, soft skills, and professional ethics.
11	Preparing for Job Interviews	27 Feb 2025	Enhanced students' interview preparation skills and confidence for employment opportunities.
12	Career Roadmap in Marketing & Merchandising	11 Sep 2025	Provided practical insights into marketing, merchandising, costing, and business development sectors.

Organizationally, these events were coordinated by the Department of Textile Engineering, the DIU Textile Club, HRDI, CDC, and the DIU Textile Alumni Association (DIUTAA), reflecting a multi-stakeholder structure that institutionalizes ongoing industry dialogue. The geographic and sectoral diversity of participating professionals, spanning washing, dyeing, printing, sourcing, merchandising, HR, and international supply chain roles, ensures that curriculum-relevant feedback reflects the full breadth of the textile industry.

10.3.2 Academic Updates: Based on the recommendations of the Industrial Advisory Panel, the Department introduced **Fashion Design** as a major course and developed several industry-oriented **micro-credential courses** to enhance students' employability and align the curriculum with current industry demands. The proposal was thoroughly reviewed and approved by the Departmental Committee, Faculty Committee, and subsequently endorsed by the Academic Council, demonstrating institutional commitment to industry-driven curriculum development and continuous academic improvement.

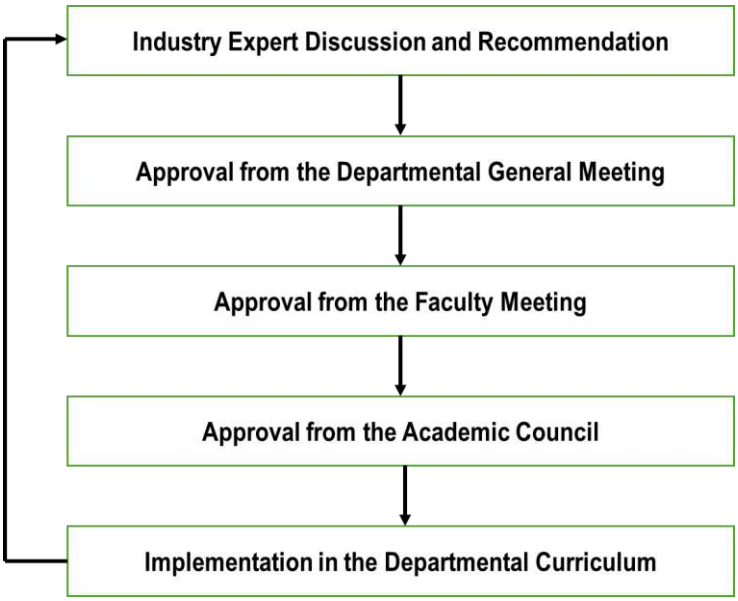

Figure 1: Flowchart of Updating Academic Curriculum.

Recruitment-oriented activities, including an on-campus job fair (June 2022, with L4 Fashion/Liz Fashion) and a campus recruitment drive (August 2023, Ratul Group), indicate that industry feedback on graduate competencies directly informs the department's understanding of employer expectations, which in turn guides curriculum relevance. The career roadmap webinar (September 2025) and related career-guidance sessions further demonstrate a systematic effort to gather industry input on the skills and knowledge areas graduates need for professional success.

10.3.3 Industrial Experts' Involvement in Teaching and Developing Courses: To strengthen industry-academia collaboration and enhance students' practical knowledge, the Department of Textile Engineering regularly engages experienced industry professionals in academic activities. Renowned experts from leading apparel industries contributed to both regular and micro-credential (Skill Development) courses by sharing their real-world expertise in apparel manufacturing, washing, and merchandising. These initiatives provide students with valuable industry insights, bridge the gap between theory and practice, and better prepare them for professional careers.

Table 10.3.(b) : Participation of Industry Experts in Course Conduction

SL No.	Course Name	Type	Time Period	Name of the expert and Designation
1	Merchandising Excellence in the Apparel Industry - From Concept to Shipment	Micro-Credential Course	Fall-2025	Md. Zulfikar Ansary, Manager, Victoria Intimate Ltd.

2	TE 339: Apparel Manufacturing III	Regular Course	Fall-2024	Mr. Avijit Kumar Kundu, DGM (Washing), Tarasima Apparels Limited-Bitopi Group
3	TE 340: Apparel Manufacturing III Sessional	Regular Course	Fall-2024	Mr. Avijit Kumar Kundu, DGM (Washing), Tarasima Apparels Limited-Bitopi Group
4	Weaving Production Planning – Road to Weaving Expertise	Micro-Credential Course	Approved	Subrata Majumder, Lecturer, DIU,TE; Md. Riazur Rahman, Lecturer, Zhongyuan University
5	Understanding of Organic Compounds for Effective Chemical Management	Micro-Credential Course	Approved	Dr. ABM Nazmul Islam, Assistant Professor, DIU TE; Mr. Anisul Islam, Manager, Dyeing Lab, Concept Knitting Ltd, Masco Group
6	Textile Washing: Processes, Techniques, and Cost Calculation	Micro-Credential Course	Approved	Md. Mashud Raihan (Assistant Professor, DIU TE); Engr. Md. Rokanuzzaman (Manager, Dekko Washing Ltd, Dekko Legacy Group)
7	Textile Sustainability and Circular Economy	Micro-Credential Course	Approved	Zihan Kaisar (Lecturer, DIU TE); Saikat Poddar (Assistant Manager, Marketing, Talha Group)
8	Hands-On Training on Ring Frame Operation and Maintenance	Micro-Credential Course	Approved	Md. Manik Parvez (Lecturer, DIU TE); Engr. Md. Azadul Islam (Manager, Operations, Square Fashion Yarns Ltd)
9	Quality Management System (QMS) for RMG Industry	Micro-Credential Course	Approved	Abdullah Al Mamun (Assistant Professor, DIU TE); Nur E Alam Siddique (Quality Controller, Auchan International Dhaka)
10	Hands-On SPSS for Data Analysis	Micro-Credential Course	Approved	Maksuda Akter Rubi (Assistant Professor, DIU TE); Nushrat Mehjabin (Statistical Analyst, BBC Media Action; Research Consultant, C4ED Germany)
11	From Lab to Bulk Knit Dyeing Made Easy	Micro-Credential Course	Approved	Md. Kamrul Islam (Lecturer, DIU TE); Mohammad Moynul Islam (Deputy Manager, Dyeing Production, Pretty Group)
12	Comprehensive Apparel Design and Manufacturing Techniques	Micro-Credential Course	Approved	Udoy Chand Pandit (Lecturer, DIU TE); Shahidul Islam Ratan (AGM, Garment Industry)
13	Dyestuff Chemistry: Dye Recognition and Analysis	Micro-Credential Course	Approved	Dr. Mainul Morshed (Assistant Professor, DIU TE); Dr. Ashraful Islam (Research Scientist, Chinese Academy of Sciences)
14	Mastering the Skills in CCI Studio (Warping, Sizing & Weaving Automation)	Micro-Credential Course	Approved	Subrata Majumder (Lecturer, DIU TE); Milton Roy Das (Manager R&D, Universal Denims Ltd)
15	Weavings Calculations & Data Analysis for Woven Fabrics	Micro-Credential Course	Approved	Dr. Toufique Ahmed (Associate Professor, DIU TE); Mr. Shihab Uddin (Senior Manager, Evince Textile Ltd)

10.3.4 Industrial Collaboration with Industries: The department has made a strong collaboration with other foreign academic institutes and prominent textile industries for enhancing research activities and developing the curriculum. MoUs are attached in Appendix 10.3.2.

Table 10.3.(c): MoUs signed between DIU TE and Industries

SL.	NAME	Signing Date/Year
1	Fakir Apparels Ltd.	26/02/2025
2	URMI GROUP	25/02/2025
3	Ethiopian Institute of Textile and Fashion Technology (EiTEX), Bahir Dar University	04/01/2025
4	NAMANGAN INSTITUTE OF TEXTILE INDUSTRY	04/01/2025
5	Paramount	9/12/2024
6	Purbani Group	17/12/2024
7	The Next Global	20/10/2024

10.4 Students' opportunities to gain industrial experience

10.4.1 Internship

After completing the courses up to level 4, term 1 students must attend a two-month internship program as per their degree requirements. The students require a forwarding letter from the department for approval from the industry where they intend to complete an industrial attachment. After getting approval, the students start their internship/industrial attachment for two months under the supervision of an industrial supervisor and a departmental supervisor. During the industrial attachment, the students familiarize themselves with the industrial environment as well as with the different processes involved in the industry, according to the guidance of the assigned supervisor. The students' performance is evaluated in the industry by the respective supervisors in the industry, and finally, a viva voce is arranged by the department in the presence of a four-member board comprising one from the industry or a subject expert as an external one. The evaluation process is done according to the rubrics. A sample of a forwarding letter is attached to Appendix 10.4.1.1. Internship placements are listed in Appendix 10.4.1.2, and the assessment report is attached in Appendix 10.4.1.3. Apart from these, the central memorandum for "Industry Attachment Strategy and Procedure and Formation of Industry Attachment Advisory Cell" is given in Appendix 10.4.1.4, and the rubrics are given in Appendix 10.4.5. Moreover, there is substantial evidence (experience certificate and appointment letter) that students secure employment opportunities within the organizations where they complete their internships, which is given in Appendix 10.4.1.6.

10.4.2 Final-year design project

The Capstone Project, or Final-Year Design Project, is mandatory for the completion of a student's degree. The project is carried out by students under the supervision of a faculty member from the Department. Capstone projects may be conducted in collaboration with industry when necessary, with required tests performed in industrial settings. However,

the evaluation of the students' project work is conducted in the presence of an examination board that includes at least one industrial expert as an external member, which is already evident in 10.4.2.1. Proof of industry engagement in students' final-year design projects and the assessment report are attached in Appendix 10.4.2.2 and 10.4.2.3, respectively.

A list for capstone projects is given in appendix in 10.4.2.4.

10.4.3 Industry visits

For the program of B.Sc. in TE, industry visits are very useful to enhance the practical knowledge of the students. The Department has been arranging industry visits under various courses from the very beginning of the program. A policy has already been implemented regarding the industry visit of the students (Appendix 10.4.3.1). The assessment of the industry visit is made through assignments/reports on their visits. Industry visits arranged by the Department during the last three years are given in the appendix (10.4.3.2). Student attendance and photographs from the visits are attached in Appendix 10.4.3.3 and 10.4.3.4, respectively.

Memorandum

Ref : DIU/Reg/Memo/03/2025/2729/158

Date : August 17, 2025

From : Registrar 17/08/25

To : All Industry Advisory Panel (IPA) members

Subject: Constitution of Industry Advisory Panel (IAP) of the Department of Textile Engineering

Description:

As approved by DIU management, I am directed to inform you that an **Industry Advisory Panel (IAP)** has been constituted for the **Department of Textile Engineering.**

The appointed panel members are as follows:

SL	Name	Designation	Organization
1.	Mr. Zahedul Huque	Business Head	Ocean Color Effect
2.	Engr. Mohammad Mesbah Uddin	Country Manager, Bangladesh Office	China Textile Academy Green Fibre Co. Ltd.
3.	Mr. Md. Monirujjaman Babu	Deputy Executive Director (Washing And Dyeing	Crown Wears (Pvt.) Ltd.
4.	Mr. Monowar Karim	General Manager (Plant)	Paramount Textile
5.	Mr. Kiron Morshed	General Manager (marketing & Merchandising)	Vertex RMG Division
6.	Mr. S.M. Sohrawardi Sony	GM	Portland Textile Ltd.
7.	Mr. Shafiqul Islam	General Manager	DEWHIRST SHANTA
8.	Mr. Raju Ahmed Rajon	General Manager (Production & Technical)	Blue Creations
9.	Mr. Fuad Kamal Zishan	GM	Fariha Fashion Limited
10.	Engr. Shajibur Rahman	GM	Earth Fashion Ltd.
11.	Mr. Md. Saddam Hossain	Head, Bangladesh Liaison Office	Yunsheng Weaving & Dyeing Limited.
12.	Mr. Md. Rasel Mollah	Head of Quality, Technical & Sustainability	Bangladesh & Pakistan IGS at ICA
13.	Mr. Md. Afjarul Islam	Head of Dyeing	KAC Fashion Wear Ltd.
14.	Mr. Rakib Hasan	Wash Head	ZARA MAN
15.	Mr. Motasim Billah	Head of Processing	Osiyo Home Textile, Uzbekistan

16.	Mr. Md. Sohel Rana	DGM Industrial Engineering	Sharmin Group
17.	Mr. Jahangir Alam	AGM	Reedisha Knitex Ltd. & Group Reedisha
18.	Mr. Md. Musfequr Rahman	Unit AGM, Planning Knitting	Interstoff Apparels Ltd. (knitting)
19.	Engr. A.T.M Atikur Rahman	AGM (Dying & Finishing	Magpie Composite Textile Ltd.
20.	Mr. Md. Abdus Salam	AGM, Dyeing (CPB)	Impress Newtex Composite Textile Ltd
21.	Mr. Ahamad Khizir Mahbub Elahi	Sr. Manager	Fabric Dyeing & Finishing
22.	Mr. Md. Abdullah Al Mamun	Manager	Lianfa
23.	Mr. Al Mamun Rasel	Merchandising Manager	H&M
24.	Mr. Zulfikar Ansary	Manager	Victoria Intimate Ltd.
25.	Mr. Sheikh Muhammad Emran	Deputy Manager, Yarn Dyeing Unit	Knit Concern Ltd.
26.	Mr. Ashad Sardar	Deputy Manager, Fabrics Technology	Epyllion Group
27.	Mr. Imrul Quies	Technical Marketing Manager	Mazim Corporation
28.	Mr. Shovan Mondal Rana	Assistant Manager (Merchandising)	EPIC Group
29.	Mr. Md. Montasir Mamun	Senior Merchandiser	ZXY International
30.	Mr. Md. Zakaria Bhuiyan	Product Specialist	CWS (South Asia Region) Columbia sports

10.1.2 Notice of meeting with IAP

Daffodil International University

Daffodil Smart City, Birulia, Savar, Dhaka – 1216, Bangladesh

Notice

Date: 15th June 2026

This is to inform all the Faculty Members of the PSAC committee, CQI committee, Alumni affairs committee, members of the IAP and Alumni that a Questionnaire Review Meeting is going to be held on 17-06-2026 (Wednesday) with the following details—

Meeting Date: 17th June, 2026
Meeting Time: 3: 00 PM
Meeting Venue: HoD Meeting Room, Department of Textile Engineering

Meeting Agenda: 1. Questionnaire Review for Graduate Performance Assessment
2. Miscellaneous

All are requested to attend the meeting on time.

.....

Dr. Engr. Tanvir Ahmed Chowdhury
Head
Department of Textile Engineering

Daffodil International University

Faculty of Engineering
Department of Textile Engineering
Meeting with Alumni Association

Date: 2nd August, 2025

Notice

All respected members of the DIU Alumni Association are hereby informed that a meeting of the Association will be held as per the following schedule:

Date:	9th August, 2025 (Saturday)
Time:	3.00 am
Venue:	HoD Meeting Room

Meeting Agenda: The meeting will discuss important issues-

1. Curriculum development
2. Alumni engagement
3. Industrial visit
4. Industrial attachments
5. Future initiatives of the association

All members are cordially requested to attend the meeting on time and provide their valuable opinions and suggestions.

Your active participation will be highly appreciated.

Head
Department of Textile Engineering

Daffodil International University

Daffodil Smart City, Birulia, Savar, Dhaka – 1216, Bangladesh

Notice

Date: 6th February 2025

Meeting on Capstone Projects Title Selection

This is to notify all the concerned Industrial Expert and Departmental Supervisor of the Capstone Projects offered in spring'25 semester of the Department of Textile Engineering, DIU that a meeting will be held as per the following schedule:

Date: 15th February 2025 (Saturday)
Time: 3.00 pm
Venue: HoD Meeting Room

Meeting Agenda: The meeting will discuss on the following agendas-

1. Approval of the title of the capstone projects proposed by the students offered in Spring'25 semester
2. Miscellaneous

All are requested to attend the meeting on time and provide their valuable opinions and suggestions.

Your active participation will be highly appreciated.

.....06-02-2025.....

Department of Textile Engineering
Meeting with Industrial Advisory Panel

Date: 7 December, 2024

Notice

All respected members of the Industrial Advisory Panel are hereby informed that a meeting will be held as per the following schedule:

Date:	14th December, 2024 (Saturday)
Time:	3.00 am
Venue:	HoD Meeting Room

Meeting Agenda: The meeting will discuss important issues-

1. Curriculum development
2. Industrial visit
3. Industrial attachments
4. Micro credential course
5. Capstone project
6. Miscellaneous

All members are cordially requested to attend the meeting on time and provide their valuable opinions and suggestions.

Your active participation will be highly appreciated.

Head
Department of Textile Engineering

Department of Textile Engineering

Notice

Date: 16 September, 2023

Meeting with Industry Advisory Panel

This is to notify all respected members of the Industrial Advisory Panel and concern faculty members of the Department of Textile Engineering, DIU that a meeting will be held as per the following schedule:

Date: 23 September, 2023 (Saturday)
Time: 10.00 am
Venue: HoD Meeting Room

Meeting Agenda: The meeting will discuss following important issues-

1. Lab Development Collaboration with Industry
2. Industry-Involved Lab Sessions
3. Lab Equipment and Resource Sharing
4. Faculty Development Programs
5. Funding for Lab Infrastructure
6. Miscellaneous

All members are cordially requested to attend the meeting on time and provide their valuable opinions and suggestions.

Your active participation will be highly appreciated.

17-Sep-2023

10.1.4 Meeting Minutes

Daffodil International University

Department of Textile Engineering

Proceedings of the Meeting of CQI Committee

A General Meeting of the CQI committee of the Department of Textile Engineering was held as per the following schedule:

Date	: 17th June, 2026 (Wednesday)
Time	: 3:00 PM
Venue	: HoD Meeting Room, Department of Textile Engineering
Agenda	: Revision of the Questionnaire Based on Industry Expert and Alumni Feedback

Dr. Engr. Tanvir Ahmed Chowdhury, Head chaired the meeting and warmly greeted the members of the PSAC Committee, CQI Committee, Alumni Affairs Committee, members of the Industry Advisory Panel (IAP), and Alumni. The following issues were discussed in the meeting, and after threadbare discussion, the following decisions were made:

Decision
The Head presented the proposed 13-question survey questionnaire for the indirect assessment of Program Educational Objectives (PEOs) and Program Outcomes (POs). The questionnaire had been prepared by the CQI Committee in neutral third-person phrasing ("Graduates...") so that it is equally suitable for both alumni and employer respondents, with grammatical and structural corrections applied to all questions. The members of the Industry Advisory Panel (IAP), industry experts, and alumni reviewed the proposed questionnaire in detail. After detailed discussion, they recommended several modifications to strengthen the questionnaire and to ensure precise, one-to-one mapping between each question and a single Program Outcome (PO). The following changes were unanimously approved: (i) It was decided that each survey question shall be mapped to exactly one Program Outcome (PO) on a one-to-one basis, instead of mapping a single question to multiple PEOs and POs as in the proposed version. Consequently, the total number of questions was reduced from thirteen (13) to twelve (12), with each question corresponding to one of the twelve POs. (ii) The proposed questions Q1 and Q5 were near-identical and both mapped to PO1 (Engineering Knowledge); therefore, Q1 was removed and Q5 was retained. (iii) The proposed Q7, which also mapped to PO1, was removed to avoid duplication of the Engineering Knowledge outcome. (iv) The proposed Q10 was removed as its competency (individual and teamwork) is covered under the corporate work environment question. (v) In the ethics question, the phrase "towards the clients and the society" was revised to "towards different stakeholders" for broader and more inclusive coverage. (vi) In the adaptability question, the term "international/global work environment" was revised to "corporate work environment" to better reflect the professional context. (vii) In the leadership question, the word "engineering" was removed and the phrasing was generalized to "relevant field"; this question was mapped to PO11 (Project Management and Finance). (viii) Two new questions were added to cover PO5 (Modern Tool Usage) and PO6 (The Engineer and Society), which were not adequately represented in the proposed questionnaire. (ix) Several questions were reworded for conciseness and precision while preserving their original themes, and the questionnaire was re-sequenced to follow the Program Outcome order (PO1 through PO12). The finalized set of twelve (12) survey questions, with their one-to-one PO and corresponding PEO mapping, as approved in the meeting, is presented below:

Page 1 of

Decision

Q. No.	Survey Question	PO	PEO
Q1	Graduates are capable of acquiring and applying knowledge of basic science and engineering fundamentals.	PO1	PEO1
Q2	Graduates are capable of problem analysis and conclusion.	PO2	PEO1
Q3	Graduates are capable of design, development and solution.	PO3	PEO3
Q4	Graduates are capable of identification and investigation of the problems.	PO4	PEO4
Q5	Graduates are capable of selecting and applying appropriate and updated technologies with their limitations.	PO5	PEO4
Q6	Graduates are aware of the social, health, safety, legal and cultural responsibilities relevant to professional practice.	PO6	PEO3
Q7	Graduates demonstrate understanding of the social, cultural, global, and environmental responsibilities for sustainable development.	PO7	PEO3
Q8	Graduates possess professional attitude and ethics in fulfilling their responsibilities towards different stakeholders.	PO8	PEO3
Q9	Graduates are able to adapt themselves to the corporate work environment.	PO9	PEO2
Q10	Graduates are capable of communicating effectively.	PO10	PEO2
Q11	Graduates are capable of leading an organization based on experience and a sound understanding of contemporary developments in the relevant field.	PO11	PEO4
Q12	Graduates recognize the need of continuous learning and to do so.	PO12	PEO5

The above twelve-question questionnaire was unanimously endorsed by the CQI Committee, the Industry Advisory Panel, and the alumni present, and approved for use in all future alumni and employer indirect assessment surveys.

As there was no other issue to discuss, the Head declared the closure of the meeting with a vote of thanks to all members present.

Proceedings of the Pathhocrom Committee Meeting

Pathhocrom Committee Meeting of Department of TE was held as per the following schedule:

Date : 25th October, 2025

Time : 10.15 AM

Venue : HoD Meeting Room, Department of Textile Engineering

Tanvir Ahmed Chowdhury, Head, chaired the meeting and warmly greeted the members (list of attendees enclosed). The following issues were discussed, and after thorough discussion, the following recommendations were made:

Serial No.	Agenda	Decision	Responsible
01	Introduction of Deep Dyeing and Tie-Dyeing Experiments in Wet Processing II Lab	The committee discussed incorporating Deep Dyeing and Tie-Dyeing experiments in the Wet Processing II laboratory to enhance students' practical skills and understanding of creative dyeing techniques as part of introduction of new major (Fashion). Decision: Approved	All the Faculty Members
02	Change of some topics in "Introduction to Textile Engineering" course	Several misrepresenting and vague topics were identified in the "Introduction to Textile Engineering" syllabus. Therefore, change of the topics and contents for the course was recommended	All the Faculty Members
03	Running a Pilot Batch in "Industrial Training" Course	The idea of conducting a pilot batch was discussed to improve coordination between academic learning and industrial exposure in Industrial Training Course. TE office is requested to issue a memorandum in this regard.	TE Office
04	Correction in topics and content under Fabric Manufacturing courses	It was noted that certain topics and content structures require correction for logical sequencing and better learning outcomes. Therefore, correction in topics and contents was recommended.	All the Faculty Members
05	Addition of a new chapter on "Batching" under Fabric Manufacturing II Course	The inclusion of a chapter on *Batching* was proposed to bridge the theoretical and practical aspects of production planning in fabric manufacturing.	All the Faculty Members
06	Fashion Design as Major Course	All the faculty members including experts appreciated the Fashion Major Course. The major was approved with minor changes.	All the Faculty Member& External Member
07	Miscellaneous Issues	Changes on CO's in theory and lab courses.	All the Faculty Members

With no further issues to discuss, the Head of the department closed the meeting, expressing gratitude to all members present.

Proceedings of the Meeting with Industry Advisory Panel and Alumni Regarding Curriculum Development

A meeting of The Department of Textile Engineering with the Industry Advisory Panel and Alumni regarding Curriculum Development was held as per the following schedule:

Date : August 09, 2025 (Saturday)
Time : 04:00 PM
Venue : HoD Meeting Room

Engr. Tanvir Ahmed Chowdhury, Head, Dept. of Textile Engineering was the chair and warmly welcomed the Industry Advisory Panel and alumni to be present in the meeting to record their valuable feedback in the process of curriculum development. Following issues were discussed by the members:

Sl. no	Decision	Remarks
1	Members of the meeting were welcome to discuss the issues focusing the development in terms of curriculum, learning atmosphere, alumni-students engagements etc. It is mentioned by the Head, TE regarding the development and modification already made in different streams according to the previous feedbacks, notably Merchandising, Production Planning, Industrial Management & Research Methodology courses.	Followed by the Previous Minutes of PSAC meeting
2	Washing sector was discussed by almost all the experts in the meeting as the most promising sector specially captured by the alumni and the career of the future graduates are likely to be more optimistic in this sector. Hence the experts suggested to emphasize more on washing in the syllabus and proposed to include a separate course if possible. Alongside the same input was given regarding the Denim stream. The industrial experts as well alumni emphasized on the separation of Knitting and Weaving portion in Fabric Manufacturing and add a topic on batch selection in weaving.	Washing is already emphasized in the syllabus. Others issue should be implemented.
3	It was suggested by a majority of the experts in the meeting that the stream/major selection or division should be introduced or initiated from L1T1 rather than existing system of offering from L3T2.	Subject to next PSAC meeting
4	A good number of attendees from the industry discussed about their disappointment regarding the recent outgoing fresh graduates of the department and the alumni attendees also think that the trend started after shifting the department to Ashulia Campus.	The statement needs to be backed by survey
5	Attendees requested the department to updated standard policies and practices for jobs, internships, mill visits etc.	Already in practice, Internship practice may be subject to reconsider.

	Industry visits must be arranged more frequently and effectively to cop-up the environment in the industry. It is mentioned in the meeting that teacher's role must be ensured more vigorously in case of internship.	
6	An idea of "Alumni Mentorship" comprising 3/4 students group to be assigned to one alumni/expert from the very beginning of the student journey, was proposed by a notable expert and alumni in the meeting and the idea was welcomed by all.	Well appreciated and requires approval.
7	Some following suggestions were recommended by the attendees of the meeting: • Adaptation from university to industry should be more emphasized like grooming, new technology and adaptation in industry etc. • Must focus on developing communication skills. Different weekly sessions are recommended to develop different skills and minimize the industry-academia gap.	Already in practiced to some extent, but more emphasize will be given.
8	Some alumni attendees mentioned that DIUTC should be more united and focused to ensure more student engagement, as some serious allegations were made regarding the lack of dedication among the current students.	Club will take necessary steps to improve the student engagement
9	Following suggestions were also prescribed by the attendees: • Students and Faculty exchange program should be more effective and the university authority should treat all the departments equally regarding this. • Student's willingness should be addressed and worked-out. • Co-curricular activities should be more emphasized to develop communication and other soft skills. Some futuristic approaches should be introduced like exploring new and promising sectors for textile graduates (i.e., Printing, CAD, Audits, Software/ ERP and Compliance etc.)	Need to take under consideration. Head and TE office will take necessary steps.

As there were no other issues to discuss, the Chair of the meeting concludes the meeting with a vote of thanks to all members present.

A meeting of the Department of Textile Engineering with Industrial Experts was held as per the following schedule:

Date: 15th February 2025 (Saturday)
Time: 3.00 PM
Venue: HoD Meeting Room
Chair: Head, Department of Textile Engineering

The meeting commenced with a warm welcome from the Head of the Department, who thanked all members for their valuable time and continuous support in strengthening the academic–industrial collaboration. The following agenda items were discussed in detail, and the corresponding decisions and responsibilities were recorded as follows:

Serial No.	Agenda	Decision	Responsible
1	Capstone Project	Members emphasized the need to align student capstone projects with real industrial challenges. They have also evaluated and approved the students' proposed titles and modified the titles by adding relevant methods for investigation according to the needs of industries.	Faculty Supervisors, Industry Mentors
2	Miscellaneous	The Head proposed forming a subcommittee or urging the industry-academia collaboration committee to monitor industrial experts recommendations and follow up on implementation before the next meeting. The members unanimously agreed and expressed interest in continued engagement.	Head, TE; IAP Coordinator

As there were no other issues to discuss, the Head declared the meeting closed with a vote of thanks to all members present.

Proceedings of the Meeting with Industrial Advisory Panel (IAP)

A meeting of the Department of Textile Engineering with the Industrial Advisory Panel (IAP) was held as per the following schedule:

Date: 14th December 2024 (Saturday)

Time: 3.00 PM

Venue: HoD Meeting Room

Chair: Head, Department of Textile Engineering

The meeting commenced with a warm welcome from the Head of the Department, who thanked all IAP members for their valuable time and continuous support in strengthening the academic–industrial collaboration. The following agenda items were discussed in detail, and the corresponding decisions and responsibilities were recorded as follows:

Serial No.	Agenda	Decision	Responsible
1	Curriculum Development	The panel recommended updating course content to reflect current industrial technologies, including automation, sustainability, and digital textile design. Inclusion of case-based learning and industry-driven assignments was emphasized.	Academic Committee, IAP Members
2	Industrial Visit	It was decided that industrial visits will be organized once every semester to enhance students' understanding of real production systems. Potential collaborations with local factories were proposed.	Industrial Collaboration Committee, Industry Representatives
3	Industrial Attachments	The members agreed to facilitate internship and training placements for final-year students in reputed textile industries. A database of partner industries will be maintained.	Placement Cell, IAP Members
4	Micro-Credential Course	The panel suggested developing short, skill-based micro-courses on Lean Manufacturing, Quality Control, Textile Sustainability, and demandable areas to enhance employability by engaging the industrial experts.	Office of the Department/ Curriculum Committee
5	Capstone Project	Members emphasized linking student capstone projects with real industrial challenges. Selected industries will provide problem statements and mentorship.	Faculty Supervisors, Industry Mentors

6	Miscellaneous	The Head proposed forming a subcommittee to monitor IAP recommendations and future meetings. The members unanimously agreed.	Head, TE; IAP Coordinator

As there were no other issues to discuss, the Head declared the meeting closed with a vote of thanks to all members present.

Proceedings of the Lab Development Meeting with Industry Expert

A meeting was organized by Department of Textile Engineering, DIU with Industry was held as per the following schedule:

Date: 23 September, 2023 (Saturday)
Time: 10.00 am
Venue: HoD Meeting Room

Engr. Tanvir Ahmed Chowdhury, Head (In-charge), warmly greeted the members in the meeting. The following issues were discussed in the meeting after thorough discussion, and the following recommendations were made:

Serial No.	Agenda	Decision	Responsible
01	Lab Development Collaboration with Industry	The Head proposed to formalize the lab development collaboration with industry partners to enhance practical learning. The proposal will be submitted for approval by the department board.	Head/Industry Partners
02	Industry-Involved Lab Sessions	It was agreed that lab sessions will incorporate real-time industry data and challenges. Industry experts will be invited for joint sessions.	Stream Heads/Industry Representatives
03	Lab Equipment and Resource Sharing	The department will collaborate with industry partners for sharing resources, including lab equipment and software.	Department Office/Industry Partners
04	Faculty Development Programs	The faculty will undergo periodic,training on the latest industry trends and technology through workshops hosted by industry partners.	All Faculty Members/Industry Trainers
05	Funding for Lab Infrastructure	The Head suggested applying for funding opportunities to support the development of advanced lab infrastructure in collaboration with industry.	Department Office/Industry Representatives

As there was no other issue to discuss, the Head (In-Charge) declared the closure of the meeting with a vote of thanks to all members present.

Proceedings of the Meeting on Curriculum Development and others with Industrial Expert

A meeting of the Department of Textile Engineering was held as per the following schedule:

Date: 12th October 2022 (Wednesday)

Time: 3.00 pm

Venue: HoD Meeting Room

Chair: Head, Department of Textile Engineering

The Chair warmly welcomed all faculty members and industry representatives present. The meeting focused on the development of departmental laboratories and the curriculum enhancement for Industrial and Production Engineering (IPE). After detailed discussions, the following points were decided:

Serial No.	Agenda	Decision	Responsible
1	Lab Development	It was decided to modernize existing laboratories by adding advanced testing and analytical equipment, including instruments for fiber testing, dyeing, finishing, and quality analysis. A proposal will be submitted to the authority for fund allocation.	Lab Development Committee, Department of TE
2	New Lab Setup	The meeting proposed establishing a new "Textile Process Simulation Lab" to support practical learning on production planning, lean techniques, and industrial engineering applications.	HoD, Procurement Committee
3	Curriculum Development	The panel recommended integrating Industrial and Production Engineering (IPE), Merchandising and Sustainability courses with textile-focused modules to enhance employability.	Academic Committee, Curriculum Development Cell
4	Industry Collaboration	It was suggested to collaborate with local textile industries for sharing case studies, data, and possible co-supervision for project works.	IAP Members, Industrial Collaboration Committee
5	Training and Faculty Development	The department will arrange workshops for faculty members on the latest industrial software tools (such as Arena Simulation, GSD, AutoCAD, and ERP systems) to ensure updated knowledge transfer in the classroom.	Training & Development Committee
6	Follow-up and Reporting	A follow-up meeting will be arranged after three months to evaluate progress and report updates to the Dean, Faculty of Engineering.	HoD, Department of TE

As there were no other issues to discuss, the Chair declared the meeting closed with a vote of thanks to all members present.

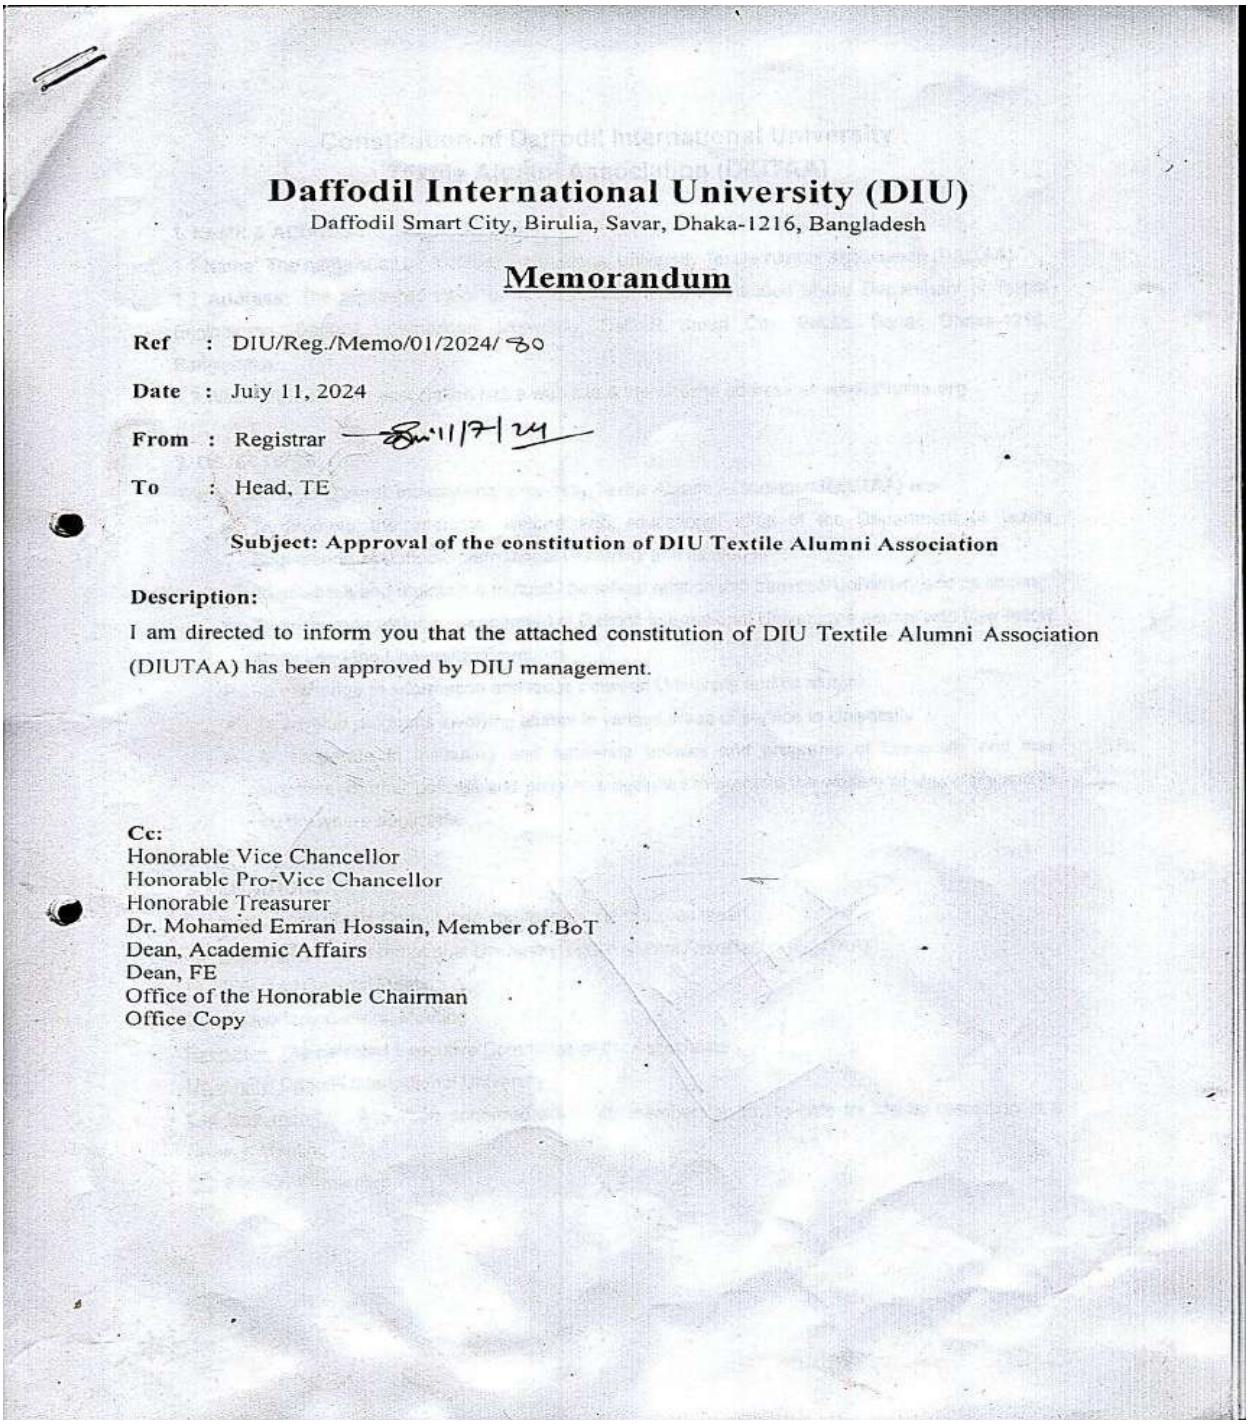
10.2.1 Constitution of DIU Textile Alumni Association



Daffodil International University (DIU)

Daffodil Smart City, Birulia, Savar, Dhaka-1216, Bangladesh

Memorandum

Ref : DIU/Reg./Memo/01/2024/৪০

Date : July 11, 2024

From : Registrar 11/7/24

To : Head, TE

Subject: Approval of the constitution of DIU Textile Alumni Association

Description:

I am directed to inform you that the attached constitution of DIU Textile Alumni Association (DIUTAA) has been approved by DIU management.

Cc:
Honorable Vice Chancellor
Honorable Pro-Vice Chancellor
Honorable Treasurer
Dr. Mohamed Emran Hossain, Member of BoT
Dean, Academic Affairs
Dean, FE
Office of the Honorable Chairman
Office Copy

Constitution of Daffodil International University
Textile Alumni Association (DIUTAA)

1. NAME & ADDRESS:

1.1 **Name:** The name shall be "Daffodil International University Textile Alumni Association (DIUTAA)."

1.2 **Address:** The registered office of the association shall be situated at the Department of Textile Engineering, Daffodil International University, Daffodil Smart City, Birulia, Savar, Dhaka-1216, Bangladesh.

1.3 **Web Address:** The association has a web site & the website address is- **www.diutaa.org**

2. OBJECTIVES:

The objectives of Daffodil International University Textile Alumni Association (DIUTAA) are-

- To promote the interests, welfare and educational aims of the Department of Textile Engineering of Daffodil International University and its alumni
- To establish and maintain a mutually beneficial relationship between University and its alumni
- To encourage lifelong engagement of Daffodil International University's alumni with their fellow alumni and the University community
- To exchange of information and ideas between University and its alumni
- To develop programs involving alumni in various areas of service to University
- To cooperate in instituting and furthering policies and programs of University and may recommend other policies and programs designed to promote the welfare of University and its alumni where applicable

3. DEFINITIONS:

For the purpose of this Constitution, the following terms shall mean:

Association: Daffodil International University Textile Alumni Association (DIUTAA)

AGM: Annual General Meeting

QGM: Quarterly General Meeting

Executive: The selected Executive Committee of the Association.

University: Daffodil International University

Life time member: A person conferred automatic membership to the club for life by resolution at a General Meeting.

EC: Election Committee

4. FUND RAISING:

To form the fund of the DIUTAA —

4.1.Every executive member of a new committee will pay BDT 1500 and rest of the members (elected President, Secretary (s), Treasurer and Alumni Member of Advisory Committee) will pay BDT 2500 individually during taking the responsibility. This amount must be paid before their orientation. A newly elected/selected member may lose his/her position if he/she fails to give the mentioned amount on time. Besides, Council Member and alumni advisory committee member will register by paying BDT 200 for voter ship.

4.2 The President of the committee will ensure the collection of fees and deliver the amount to the Treasurer of DIUTAA.

4.3 The raised fund will be deposited in a joint bank account and for withdrawn any amount there is needed the signature on the cheque book of the President and Treasurer of DIUAA.

4.4 When a committee will be expired the President of expired committee along with General Secretary and Treasurer is bound to give clear financial statement to the new committee.

4.8 Moreover, the Committee may raise the fund through sponsorship, organizing event and other activities approved by the committee.

4.6 Fund can be used in any kind of activities of DIUTAA which is approved by the executive committee.

5. MEMBERSHIP:

5.1 **General Member:** All passed out students of the Department of Textile Engineering of Daffodil International University shall be eligible for membership of the Association. The association is responsible to enroll general members at least once in a year & the alumni shall become members of the association on any official day of the year by applying to the general secretary. Membership can be endorsed by the website which must be verified by the admin panel of the website consisting of members from the executive committee and department representatives. Members have the right to receive all publications and notices of general meetings of the Association and to participate in activities of the Association and propose new ideas, views and policy for the betterment of this association and receive benefits provided by the association. However, for granting financial benefits approval of two- thirds of the Executive Committee members is obligatory.

5.2 **Council Member:** Elected member (s) from each batch (1 member for maximum two sections, 2 for more than two sections (3-5) and 3 for more than five sections (>5) or can be section wise where conflict will arise among sections) will be considered as Council Member. Furthermore, batches from both

campuses and evening must be considered as separate section. Council Member will be valid for two years which is the duration of Executive Committee. The election of council member and executive committee will be as per guidelines described in the section 9.

5.3 **Termination of Membership:** Termination of membership may be on the following grounds:

- Resignation
- Death of the member
- Any conduct that will fully violates of the Constitution and also violates the codes of conducts described nationally of a graduate and citizen (in this case a show cause/warning letter or both can also be issued)
- Upon approval of 3/4th vote of the executive members for an issues/events caused by the member

6. HONORARY MEMBERSHIP:

The Association may award honorary membership to any person with an interest in Textile sector or who has contributed someway to the Textile sector and Textile education as well as to the DIU Textile Alumni Association.

7. ADVISORY COMMITTEE:

The Head of the Department, Coordinator of DIU Textile Alumni, immediate past President of DIUTAA, one (1) nominated faculty member by the Head of the Department and one alumni from each batch from 1st to 7th batch will be the member of this committee by election process descried in section 9 as per ratio of 1 member for maximum two sections, 2 for more than two sections and 3 for more than five sections or can be section wise where conflict will arise among sections (considering leadership from juniors, number of pass out batches, age of the association and one passed committee). After every two years two/one batches will be considered for Advisory Committee (they will not be considered for Executive Committee). This committee will provide valuable suggestion and guidelines for the betterment of the Association.

8. EXECUTIVE COMMITTEE:

8.1 There will be 19 members in an Executive Committee. They are President (1), Vice President (1), General Secretary (1), Treasurer (1), Joint Secretary (2), Organizing Secretary (1), Sports and Cultural Secretary (1), Office and Communication Secretary (1), Executive Member (10). Batch wise seniority will be considered during committee formation especially for senior positions that is from 8.1.1 to 8.1.4/6 to maintain proper leadership and order of command. For applying for the posts of 8.1.1 to

8.1.4/6 a candidate must have at least one term working experience in DIUTAA. Besides, there will be maximum one member from one batch.

8.1.1 The **President** shall be the Chairperson and Convener of the Executive Committee of the Association. The President will be responsible for the supervision, coordination and faithful conduct of the Association. An alumnus can work as President only for one term. After that he/she can be the advisor of the Association.

8.1.2 The **Vice-President** shall co-operate with the President and act on his or her behalf in the President's absence, illness or incapacity. An alumnus can work as Vice President only for one term also.

8.1.3 The **General Secretary** shall attend to all correspondence of the Association and ensure record keeping of all duly convened General Meetings and Executive Meetings of the Association. He or she shall maintain a file of the papers, records and documents of the Association. The Secretary shall make available the minutes of all General Meetings held regarding DIUTAA (circulation and website update).

8.1.4 The **Treasurer** shall attend to all matters concerning the finances of the Association. He or she shall be responsible for maintaining all financial records in a file containing copies of requisitions, orders, petty cash vouchers and other essential documents of a financial nature. The Treasurer shall keep a columnar cash book showing details of receipts, expenditure and balance and shall present to the Annual General Meeting of the Association.

8.1.5 The **Joint Secretary(s)** shall co-operate with the General Secretary and act on his or her behalf in the Secretary's absence, illness or incapacity.

8.1.6 The **Organizing Secretary** is responsible for communicating with the Executive and general members for arranging any activities smoothly with the guidance of President and Secretary. He/she also play role as a bridge between general members and executive members. .

8.1.7 The **Sports and Cultural Secretary** is responsible for communicating with the Executive and general members to arrange any kind of sports activities smoothly. He/She is also responsible for arranging any sorts of internal and external cultural program with the guidance of Organizing Secretary through communicating with Executive and general members. |

8.1.8 The **Office and Communication Secretary** is responsible for advertising all the activities of the Association through newspapers, e-mail, notice board, phone call, Facebook page, group etc. He or she has to prepare a report/story after any important events then send it to different media as a press notes. Additionally he or she will be solely responsible to look after the Facebook Page/Group by forming admin/moderation panel consisting of members from executive committee, advisory committee, representatives from the department as per the decision of the meeting of the executive committee.

8.1.9 The **Executive Member (s)** will assist in any kind of work organized by the Association.

8.2 First Executive Committee is being formed by selection process. From now and onwards the Committee will be formed by election process. This formulation process will be led by the alumni association election commissioner of the University in consultation of the Head of the Department.

8.3 Committee Abolish: Committee can be abolished by the consensus of ¾ of the executive committee members and advisory panel. In that case within 6 months new committee must be formed, approved and published by the election committee as per procedure described in section 9.

8.4 Tenure: The tenure of a committee will be 2 years.

9. ELECTION:

9.1 Election Committee (EC): This election shall be conducted by an approved Election Committee (EC) with one Election Commissioner (University nominated) and four members appointed by the election commissioner (he can discuss with Head of the department and senior alumni if necessary) at least three months before the election date. The members of the election commission can be from the members of the association or outside of the association but from DIU or from faculty members from the textile engineering department or outside the department of DIU) who will not intend to contest in the election. This committee can call for online or offline vote or mixed model where it is applicable.

9.1.1 The authority to cancel any vote or to settle any dispute on election shall be reserved by the Election Committee. In case of tie for any post, a toss shall be done by to declare the candidate won.

9.1.2 The Election Committee shall declare the election schedule specifying the last dates of submitting nomination paper, scrutinizing the same, publishing the list of valid candidates, timing of taking election, the procedure of giving votes and the publishing the results of the election at least 60 days before the election date.

9.1.3 The Election Committee shall have to publish the list of all alumni advisory committee members and council members (elected by general members) at least 45 days before the executive committee election. Any eligible member intending to participate in executive committee election shall have to submit nomination paper duly filled up in a prescribed form by the Election Committee.

9.2 Election: The Advisory Committee, Council Member and Executive Committee shall be elected as per below procedure.

9.2.1 Advisory Committee Member (s) from alumni: Election Committee will notify for the application of alumni advisory committee member. Alumni will apply for the post as per prescribed form. Election committee will publish eligible candidate list. If there is one candidate in a batch or exact required number of candidate as per ratio (section 7) then no vote is required but for more than one candidate in

a batch as per the prescribed ratio (section 7) vote is required. In this case voters will be the batch mate of the candidates. Among elected members chief advisor can be nominated by the consensus (3/4th) of the members of alumni advisory committee members.

9.2.2 **Council Member (s):** Election Committee will notify for the application of council member. Alumni will apply for the post as per prescribed form. Election committee will publish eligible candidate list. If there is one candidate in a batch or exact required number of candidate as per ratio (section 5.2) then no vote is required but for more than one candidate in a batch as per the prescribed ratio (section 5.2) vote is required. In this case voters will be the batch mate of the candidates. Elected members shall be entitled as Council Member from which executive committee will be elected by vote.

9.2.3 **Executive Committee:** Election Committee will notify for the application of member (s) of executive committee. Alumni from council member will apply (as per seniority basis especially for 8.1.1 to 8.1.4/6) for the post as per prescribed form. Election Committee will publish eligible candidate list. If there is one candidate in a batch for a single post then no vote is required but for more than one candidate for a post vote is required. Here voters are council member. Elected members shall be entitled as Executive Committee for two years.

9.3 In case of inability to hold the election because of any unforeseen circumstances, the existing committee shall continue with the office but shall hold the election at the first opportunity.

10. GENERAL MEETINGS:

10.1 There shall be an Annual General Meeting of the Association held on or before July 01st each year and Quarterly General Meeting in favorable time.

10.1.1 Notice of the AGM and QGM shall be advertised at least seven days prior to the meeting. A general mail should be delivered to each and every member of Advisory and Executive Committee. Any meeting can be arranged by the Executive Committee any time among them and association members.

10.1.2 The purpose of the AGM shall be to:

(a) Receive a report and statement of the accounts for the previous year.

(b) Plan for the next year

(c) Approval reports from previous year.

10.6 All General Meetings shall be held on University Campus and on a weekday. The venue may be changed with at least two third (2/3) majority from the Executive Committee.

11. COMMUNICATIONS:

11.1 One week notice of General Meetings shall be placed by the General Secretary on the DIUTAA

Online Notice board. Notice should also be sent to members either in a publication or by special notice, or by phone or email, or any others possible ways.

11.2 The Organizing Secretary shall give notice to all Executive members at least forty-eight hours prior to all meetings, In case of any emergency Executive Meeting, notice over cell phone to all Executive members shall be sufficient.

12. MANDATORY ACTIVITIES:

12.1 An Executive Committee is responsible to arrange at least one Get-together of Alumni in every two years, Sports day and Iftar Mahfil in every year and workshops for existing students.

12.2 No group wise events is allowed to be arranged (for applicable both inside and outside of DIU) within two months of the major event of the DIUTAA. To maintain the order any major alumni event inside DIU (including group wise event) must be processed through executive committee to department to DIU Management. For outside event it must be acknowledged to executive committee.

13. AMENDMENT OF THE CONSTITUTION:

13.1 The Constitution of The Association can be amended only in an Annual General Meeting or an Extra-Ordinary General Meeting. Only the Association can, however, propose amendments in an Extraordinary General Meeting.

13.2 Amendments of the Constitution shall be proposed to the General Meeting by the Association or by not less than 3/4th of the members of executive committee.

13.3 Alumni intending to 'propose any amendment to the Constitution shall do so by forwarding the proposal duly signed by 100 alumni and 5 executive committee members to the General Secretary so as to reach him before one month of forthcoming Annual General Meeting. Such amendment may be passed by adding the votes of executive committee members (already replied in writing) by 3/4th majority.

13.4 Amendment of the Constitution shall take effect immediately after it is passed.

Prof. Dr. Shaikh Muhammad Allayear

Chief Election Commissioner

Election for the DIU Textile Alumni Executive Committee-2024

Ref: DIU/Reg/VC-2734/2025/901 Ref: DIU/Reg/VC-2734

Date: 13 August, 2025

To
The Registrar
Daffodil International University
Daffodil Smart City, Birulia, Savar, Dhaka-1216

Through: Dean, Faculty of Engineering, DIU 13/8

Subject: Approval of the Elected DIU Textile Alumni Executive Committee of DIUTAA.

Dear Sir,

I am pleased to inform you that the election of the *Daffodil International University Textile Alumni Association (DIUTAA)* was held on 25 October 2024 in a fair, transparent, and impartial manner. The alumni members actively participated by casting their votes for their preferred candidates.

The election was conducted strictly in accordance with the approved constitution of DIUTAA. Based on the results, the newly elected Executive Committee has been formed, and we are hereby forwarding the list of the elected members for your kind approval.

We look forward to your cooperation in granting official approval to the *Daffodil International University Textile Alumni Association (DIUTAA)* Executive Committee so that it may commence its functions in accordance with the constitution.

Honorable Vice Chancello
Approved.
18/08/2025

Sincerely,

13-Aug-2025
Tanvir Ahmed Chowdhury
Head and Assistant Professor
Department of Textile Engineering
Daffodil International University

May kindly be approved.

Engr. Tanvir Ahmed Chowdhury, Head, Dept. of Textile Engineering was the chair and warmly welcomed the Industry Advisory Panel and alumni to be present in the meeting to record their valuable feedback in the process of curriculum development. Following issues were discussed by the members:

Sl. no	Decision	Remarks
1	Members of the meeting were welcome to discuss the issues focusing the development in terms of curriculum, learning atmosphere, alumni-students engagements etc. It is mentioned by the Head, TE regarding the development and modification already made in different streams according to the previous feedbacks, notably Merchandising, Production Planning, Industrial Management & Research Methodology courses.	Followed by the Previous Minutes of PSAC meeting
2	Washing sector was discussed by almost all the experts in the meeting as the most promising sector specially captured by the alumni and the career of the future graduates are likely to be more optimistic in this sector. Hence the experts suggested to emphasize more on washing in the syllabus and proposed to include a separate course if possible. Alongside the same input was given regarding the Denim stream. The industrial experts as well alumni emphasized on the separation of Knitting and Weaving portion in Fabric Manufacturing and add a topic on batch selection in weaving.	Washing is already emphasized in the syllabus. Others issue should be implemented.
3	It was suggested by a majority of the experts in the meeting that the stream/major selection or division should be introduced or initiated from L1T1 rather than existing system of offering from L3T2.	Subject to next PSAC meeting
4	A good number of attendees from the industry discussed about their disappointment regarding the recent outgoing fresh graduates of the department and the alumni attendees also think that the trend started after shifting the department to Ashulia Campus.	The statement needs to be backed by survey
5	Attendees requested the department to updated standard policies and practices for jobs, internships, mill visits etc.	Already in practice, Internship practice may be subject to reconsider.

Page 1 of 2

	Industry visits must be arranged more frequently and effectively to cop-up the environment in the industry. It is mentioned in the meeting that teacher's role must be ensured more vigorously in case of internship.	
6	An idea of "Alumni Mentorship" comprising 3/4 students group to be assigned to one alumni/expert from the very beginning of the student journey, was proposed by a notable expert and alumni in the meeting and the idea was welcomed by all.	Well appreciated and requires approval.
7	Some following suggestions were recommended by the attendees of the meeting: • Adaptation from university to industry should be more emphasized like grooming, new technology and adaptation in industry etc. • Must focus on developing communication skills. Different weekly sessions are recommended to develop different skills and minimize the industry-academia gap.	Already in practiced to some extent, but more emphasize will be given.
8	Some alumni attendees mentioned that DIUTC should be more united and focused to ensure more student engagement, as some serious allegations were made regarding the lack of dedication among the current students.	Club will take necessary steps to improve the student engagement
9	Following suggestions were also prescribed by the attendees: • Students and Faculty exchange program should be more effective and the university authority should treat all the departments equally regarding this. • Student's willingness should be addressed and worked-out. • Co-curricular activities should be more emphasized to develop communication and other soft skills. Some futuristic approaches should be introduced like exploring new and promising sectors for textile graduates (i.e., Printing, CAD, Audits, Software/ ERP and Compliance etc.)	Need to take under consideration. Head and TE office will take necessary steps.

As there were no other issues to discuss, the Chair of the meeting concludes the meeting with a vote of thanks to all members present.

Proceedings of the meeting with the Alumni on formation of DIUTAA Constitution

A Meeting with alumni and concern faculty members was held as per the following schedule:

Date: 2nd March, 2024 (Saturday)

Time: 3.00 pm

Venue: HoD Meeting Room

Engr. Tanvir Ahmed Chowdhury, Head (in charge) chaired the meeting and warmly greeted all the members present. The following issues were discussed, and after discussion, the following recommendations were made:

Serial No.	Agenda	Decision taken	Responsible
1.	Membership of Association	1. The committee reviewed the provisions regarding council membership representation, ensuring separate consideration of regular and evening sections and a two-year tenure for council members. 2. The provision for granting honorary membership to individuals contributing to the textile sector, textile education, and the Alumni Association was approved. 3. The structure and composition of the Advisory Committee were reviewed. Members discussed batch-wise representation, section-wise participation, and periodic inclusion of newer alumni batches every two years.	The Constitution Formation Committee will correct the corrections according to the suggestion of the committee and will take the necessary steps for the approval from university higher authority. Before taking the approval the key points would be publish in the Alumni Facebook Page for further suggestions.
2.	Fund Raising	The meeting members anonymously agreed and accepted the draft policy of fund raising.	
3.	Election procedure, Advisory Committee & Executive Committee	The meeting discussed the mentioned points and accepted the rules and suggest some minor corrections.	
4.	General Meeting of	The members discussed on the policy of organizing different meeting of the association. Everything were accepted but the	

	the Committee	date of general meeting of the committee is changed and suggested to arrange on or before 1st July every year.	
5.	Miscellaneous	The meeting discussed thoroughly on the draft constitution and give suggestions where the alumni disagree and were corrected accordingly.	

As there were no other issues to discuss, the Head (In-Charge) declared closure of the meeting with a vote of thanks to all members present.

Proceedings of the Meeting with DIU Textile Alumni Association

A meeting of the Department of Textile Engineering with alumni was held as per the following schedule:

Date: 14th December, 2024 (Saturday)
Time: 2.30 pm
Venue: HoD Meeting Room
Chair: Head, Department of Textile Engineering

The meeting was started with a warm welcome from the Head of the Department, who thanked all alumni for their valuable time and continuous support in strengthening the academic–industrial collaboration. The following agenda items were discussed in detail, and the corresponding decisions and responsibilities were recorded as follows:

Serial No.	Agenda	Decision	Responsible
1	Curriculum Development	Head of the department informed the members of the association and meeting some Courses e.g. Industrial and Production Engineering, Sustainability in Textiles, Textile Merchandizing, and Research Methodology have been introduced in the curriculum of the department. The Alumni committee members propose to Fashion Design as a major course in the curriculum considering the demand in the industries.	Academic Committee, IAP Members
2	Industrial Visit	It was decided that industrial visits will be organized once every semester to enhance students' understanding of real production systems. Potential collaborations with local factories were proposed. The DIUTAA will help the department to arrange sufficient industrial visits regularly.	Industrial Collaboration Committee, DIUTAA
3	Students Development and competition	The members proposed that the DIUTAA will arrange different program like quiz competition, research, talent hunt and short courses (micro credential). The department will arrange and support the association where needed.	TE office and DIUTAA
5	Capstone Project	Participants highlighted the importance of aligning student capstone projects with real-world industrial challenges, where selected industries would contribute problem statements and offer mentorship support.	Faculty Supervisors, DIUTAA

As there were no other issues to discuss, the Head declared the meeting closed with a vote of thanks to all members present.

Proceedings of the Curriculum Development Meeting with Alumni

A Meeting of Department of TE and Alumni Association was held as per the following schedule:

Date: 20th August, 2023 (Sunday)

Time: 3.30 pm

Venue: Room 203, Engineering Complex

Tanvir Ahmed Chowdhury, Head (In-charge), chaired the meeting and warmly greeted all the members present. The following issues were discussed, and after threadbare discussion, the following recommendations were made:

Serial No.	Agenda	Decision	Responsible
1	Sustainability Course Integration	The Head proposed the integration of sustainability-focused topics into the curriculum, such as eco-friendly materials, sustainable production methods, and circular economy principles.	All Faculty Members, Alumni Representatives
2	Industrial Engineering (IE) Related Courses	The meeting discussed the importance of including more courses focused on Industrial Engineering in the curriculum, such as production optimization, supply chain management, and quality control techniques.	All Faculty Members, Alumni Representatives
3	Curriculum Revision for Current Trends	A proposal was made to revise the existing curriculum by introducing courses aligned with current industry trends in sustainability, green technologies, and efficient manufacturing processes.	Curriculum Development Committee, Alumni Representatives
4	Collaboration with Industry Experts for Curriculum Development	Alumni and industry experts suggested working together to develop and review course content that ensures students are equipped with industry-relevant skills, particularly in sustainability and IE.	Alumni Representatives, Industry Experts

As there were no other issues to discuss, the Head (In-Charge) declared closure of the meeting with a vote of thanks to all members present.

Signing Date: 13th October, 2025

1. INTRODUCTION

Brief overview of the parties involved:

Department of Textile Engineering, Daffodil International University (DIU):

Establishment: 2005

Vision of the Department: To become a center of excellence in textile education, training and research by accommodating the outcome-based teaching learning techniques and the best academic practices.

Objectives of the Department: To produce knowledgeable and competent graduates for the textile related industry who can demonstrate leadership quality and problem-solving skills in an innovative and sustainable

Daffodil International University (DIU) is recognized in independent government assessments as one of the top graded universities in Bangladesh. The university has been founded by Daffodil Group with the approval of the Ministry of Education under the private university Act of 1992 and its amendment in 1998 and Daffodil International university came into being in action on 24th January 2002, the university today combines impressive modern facilities and a dynamic approach to teaching and research with its proud heritage of service and achievement.

Assurer at Work Ltd.:

Assurer at Work, a dynamic arm of Assurer World Wide (AWW), is a global sourcing and supply-solutions provider founded in 2012 and rooted in Dhaka. It specializes in sourcing across apparel, home textiles, active wear, beauty, herbs, food, minerals, and medical textiles. Operating under "Assurers at Work, Hong Kong," it offers 360-degree sourcing services through brand-approved suppliers in Mainland China and East Asia. As a "Next-to-Markets Organization," AWW leverages world-class production and sourcing centers to ensure safe, compliant, and high-quality products. With entities like Versatile Creations (Dhaka), Pure Naturals (New Delhi), and Trends (São Paulo), AWW maintains a global footprint built on design and innovation. Its Hong Kong base delivers flexible, reliable, and precision sourcing for retailers seeking quality from East Asia. The company excels in product creation and vendor selection, adapting to evolving consumer demands for value and positioning. AWW's strengths lie in financial stability, vendor development, quality assurance, manufacturing management, and supply chain coordination. It emphasizes sustainability by partnering with eco-compliant suppliers and offering OEKO-TEX and other certified ranges. Backed by over 20+ fully compliant vendor partners, AWW ensures traceable, flexible, and brand-focused sourcing worldwide.

Objectives of the MoU:

This MoU aims to establish a collaborative framework between **Daffodil International University (DIU)** and **Assurer at Work Ltd.** to:

1. Foster research-driven innovation and academic excellence through joint initiatives.
2. Organize visiting lectures by industry experts to bridge academic learning with real-world applications.
3. Develop and deliver new mini courses, seminars, and workshops on emerging subjects relevant to industry needs.
4. Promote international exposure through student exchange programs leveraging mutual strengths.
5. Facilitate student internships and explore job creation opportunities, aligning students' skills with industry requirements.
6. Collaborate in event management for training programs and conferences, ensuring professional development and knowledge exchange.
7. Strengthen academia-industry partnerships by combining DIU's academic resources with Assurer's global industry expertise.

2. Scope of Collaboration

2.1 Visiting Lectures:
Assurer Group, recognizing the value of academic expertise and real-world experience, agrees to organize visiting lectures by industry professionals at Daffodil International University. These lectures will provide students with valuable insights into current industry trends, practical applications of theoretical concepts, and opportunities for networking. The lectures will cover a wide range of topics relevant to the university's academic programs, ensuring that students gain exposure to diverse perspectives and real-world challenges. Daffodil International University, in turn, will provide the necessary logistical support for these lectures, including venue arrangements, promotion to students, and post-lecture feedback sessions. The university will collaborate closely with Assurer Group to identify relevant topics and speakers, ensuring that the lectures align with the university's curriculum and student interests.

2.2 Mini Courses/ Micro Credential Courses, Seminars, and Workshops:
To further enhance the curriculum and broaden the scope of learning, Assurer Group and Daffodil International University will jointly develop and deliver new mini courses, seminars, and workshops on emerging subjects. These initiatives will be based on industry needs and align with the university's strategic goals. The mini courses will focus on providing students with practical skills and knowledge in high-demand areas, such as data analytics, digital marketing, and project management.
Seminars and workshops will offer students the opportunity to engage in in-depth discussions with industry experts, explore emerging technologies, and gain hands-on experience. Both parties will collaborate on content development, delivery, and marketing, ensuring that the programs are relevant, engaging, and accessible to students.

Daffodil International University: Daffodil Smart City, Birulia, Savar, Dhaka-1216, Bangladesh
IP Number: +8809617901212, 09617901233, Tel: +8802224441833-4, 01713493051, 01713493141
01841493050, Fax: +8802224441835, E-mail: info@daffodilvarsity.edu.bd www.daffodilvarsity.edu.bd

2.3 Student Exchange Program:

Assurer Group and Daffodil International University recognize the importance of international exposure and cultural exchange. The two parties will collaboratively develop a student exchange program that leverages each other's strengths and provides valuable opportunities for students. The program will focus on exchanging students in areas of mutual interest, such as business, technology, and finance. Through this program, students will gain exposure to different academic perspectives, cultural experiences, and industry practices.

The exchange program will include various activities such as lectures, workshops, cultural events, and internships. Both institutions will provide logistical support and mentorship to participate in students, ensuring their smooth transition and academic success. This program will foster international collaborations, promote cultural understanding, and equip students with valuable global skills.

2.4 Internships and Job Creation:

To bridge the gap between academia and industry and provide students with valuable practical experience, Assurer Group will offer internship opportunities to Daffodil International University students. These internships will be tailored to the students' areas of study and provide hands-on experience in real-world projects. Assurer Group will also work with the university to explore job creation opportunities for students, ensuring that they have access to relevant employment pathways.

The internships will be structured to provide students with a comprehensive understanding of the industry, including industry-specific tools, methodologies, and best practices. Assurer Group will provide mentorship and guidance to interns, ensuring that they develop the skills and knowledge necessary to succeed in their chosen careers. This collaborative initiative will create a win-win situation for both parties, by providing students with valuable work experience and Assurer Group with access to a pool of talented and skilled individuals.

2.5 Event Management

Both Assurer Group and Daffodil International University, recognize the importance of professional development and knowledge sharing. To facilitate these efforts, the two parties will collaborate on event management for training programs and conferences. Assurer Group, with its industry expertise and experience in managing large-scale events, will provide guidance and support to the university in organizing conferences and training programs. Daffodil International University, with its academic resources and infrastructure, will provide the necessary facilities and logistical support.

The collaborative event management will ensure that the events are well-planned, executed, and marketed, attracting a diverse range of participants. The events will cover topics relevant to industry and academia, fostering knowledge sharing and networking opportunities for participants. This collaboration will allow both parties to leverage their strengths and create events that benefit the broader community.

Daffodil International University: Daffodil Smart City, Birulia, Savar, Dhaka-1216, Bangladesh
IP Number: +8809617901212, 09617901233, Tel: +8802224441833-4, 01713493051, 01713493141
01841493050, Fax: +8802224441835, E-mail: info@daffodilvarsity.edu.bd www.daffodilvarsity.edu.bd

3. Shared Benefits on Mutually Agreeable Contract Terms:

All collaborations outlined in this MOU will be governed by mutually agreeable contract terms. These contracts will specify the responsibilities, deliverables, and financial arrangements for each initiative. The contracts will be reviewed and updated periodically to ensure that they align with the evolving needs and priorities of both parties.

The shared benefits of this collaboration will include increased visibility for both Assurer Group and Daffodil International University, enhanced academic opportunities for students, and access to a pool of talented individuals for Assurer Group. The collaboration will also contribute to the development of future leaders, foster industry-academia partnerships, and promote innovation and excellence.

4. Responsibilities of Parties

Daffodil International University (DIU):

- Provide academic expertise, curriculum alignment, and logistical support for visiting lectures and events.
- Promote student participation in internships, exchange programs, and training.
- Ensure logistic supports for workshops, seminars, and conferences.
- Facilitate research collaboration and integration of industry insights into academic programs.

Assurer Group:

- Deliver industry insights and organize visiting lectures with professionals.
- Offer internships, mentorship, and job opportunities to DIU students.
- Collaborate in developing new mini courses/ micro credential courses, seminars, and workshops.
- Support DIU in event management by providing expertise and resources.
- Contribute to international exposure opportunities through student exchange initiatives.

5. GOVERNANCE STRUCTURE

A governing body or committee responsible for overseeing the implementation of the MoU:

Composition:

Name	Designation	Name	Designation
Mr. Tanvir Ahmed Chowdhury	Head, TE, DIU	Dr. Raashid Ashraf Khan	Director Assurer at Work Ltd.
Md. Abu Sayed Ibne Shams	Sr. Coordination Officer, TE, DIU		

Daffodil International University: Daffodil Smart City, Birulia, Savar, Dhaka-1216, Bangladesh
IP Number: +8809617901212, 09617901233, Tel: +8802224441833-4, 01713493051, 01713493141
01841493050, Fax: +8802224441835, E-mail: info@daffodilvarsity.edu.bd www.daffodilvarsity.edu.bd

*The composition of the governing body may be changed by the Head of the department of Textile Engineering from academic side and director from industry side.

Roles and responsibilities: The governing body will be responsible for monitoring the progress of collaborative activities, resolving any issues or disputes that may arise, and ensuring that the objectives of the MoU are met.
Meeting frequency and decision-making processes: The governing body will meet regularly to review progress, discuss upcoming initiatives, and make decisions regarding the implementation of the MoU. Decision-making processes will be collaborative, with input from all members of the governing body.

6. FINANCIAL ARRANGEMENTS

Funding for joint projects or initiatives: Both parties may contribute financial resources towards joint research projects, workshops, or other collaborative initiatives as outlined in the MoU.
Resource sharing agreements: Any sharing of resources, such as equipment, facilities, or personnel, will be governed by mutually agreed-upon agreements to ensure fair and equitable distribution.
Intellectual property rights and royalty arrangements: Intellectual property rights resulting from collaborative efforts will be managed according to established policies and agreements, with any royalties or benefits or revenues shared in accordance with the terms of the MoU.

7. DURATION AND REVIEW

Initial term: The MoU will have an initial term of 5 years, with provisions for renewal upon mutual agreement between both parties.
Conditions for renewal: Renewal of the MoU will be contingent upon the achievement of predefined objectives and the continued willingness of both parties to collaborate.
Process for review and amendment: The MoU will be subject to periodic review to assess progress, address any issues or challenges, and make amendments as necessary. Any proposed amendments to the MoU will require mutual agreement between DIU and Assurer at Work Ltd.

7. CONFIDENTIALITY

Both parties will adhere to aligning the confidentiality of information shared and safeguard intellectual property, patents, and terms.

Daffodil International University: Daffodil Smart City, Birulia, Savar, Dhaka-1216, Bangladesh
IP Number: +8809617901212, 09617901233, Tel: +8802224441833-4, 01713493051, 01713493141
01841493050, Fax: +8802224441835, E-mail: info@daffodilvarsity.edu.bd www.daffodilvarsity.edu.bd

8. PUBLICATION

All joint publications and reports will feature the logos of DIU and Assurer at Work Ltd. Both parties will review and approve materials before publication.

9. DISPUTE RESOLUTION

Mediation: In the event of a dispute or disagreement, both parties agree to first attempt to resolve the issue through mediation, facilitated by a neutral third party.
Arbitration: If mediation proves unsuccessful, disputes will be resolved through arbitration, with the appointment of an arbitrator agreed upon by both parties. The decision of the arbitrator will be binding.

10. SIGNATORIES

Narayanganj-1420, Bangladesh

Signing Date: 26 February 2025

1. INTRODUCTION

Brief overview of the parties involved:

Department of Textile Engineering, Daffodil International University (DIU):

Establishment: 2005

Vision of the Department: To become a center of excellence in textile education, training and research by accommodating the outcome-based teaching learning techniques and the best academic practices.

Objectives of the Department: To produce knowledgeable and competent graduates for the textile related industry who can demonstrate leadership quality and problem-solving skills in an innovative and sustainable

Daffodil International University (DIU) is recognized in independent government assessments as one of the top graded universities in Bangladesh. The university has been founded by Daffodil Group with the approval of the Ministry of Education under the private university Act of 1992 and its amendment in 1998 and Daffodil International university came into being in action on 24th January 2002, the university today combines impressive modern facilities and a dynamic approach to teaching and research with its proud heritage of service and achievement.

Fakir Group:

Fakir Group has Six running concerns, Fakir Knitwears Ltd., Fakir Eco Knitwears Ltd., FKL Spinning Ltd., Fakir Logistics Ltd., Zaman Agro & Fisheries Ltd & Fakir Securities ltd. Fakir Knitwears Ltd. is a comprehensive manufacturing and exporting company of Bangladesh. It comprises the ultra-modern plants related to garment industry, such as independent knitting, dyeing, sewing, finishing and packaging with sufficiently supportive backward linkage facilities.

Fakir Group is fully committed to provide fair wages and good employment opportunities to economically disadvantaged artisans and workers. Fakir Group not only believe in supporting living wages and safe & healthy conditions for workers but also adheres to social criteria and environmental principles adding equitable and sustainable system of production and trade that benefits people and their communities by strategic plans to utilize fair trade funds to achieve Empowering women, Education for Next Generation, Emergency Assistance etc. Our quality has remained the main feature for our success. Our top-notch quality of products with competitive prices makes our offerings irresistible.

E-mail: info@daffodilvarsity.edu.bd, Fax: +88 02 9131947
www.daffodilvarsity.edu.bd

Objectives of the MoU:

This MoU aims to establish a collaborative framework between DIU and FAKIR GROUP to:

Enhance Research and Development: Collaborate on research projects that drive innovation in textile engineering and sustainable manufacturing practices.

Facilitate Student Internships and Training: Provide DIU students with practical experience through internships and training programs at FAKIR GROUP, bridging the gap between academia and industry.

Promote Knowledge Exchange: Organize workshops, seminars, and conferences to disseminate knowledge on emerging technologies and best practices in the textile industry.

Explore Joint Projects: Identify and undertake joint initiatives that leverage the expertise of both organizations for mutual benefit.

2. SCOPE OF COLLABORATION

2.1 Research Collaboration

Description: Both parties will collaborate on joint research projects to explore innovative technologies and sustainable practices for the apparel and textile industries.

Activities:

- Identify research areas of mutual interest.
- Conduct collaborative research and share findings.
- Jointly publish research papers.

2.2 Student Internships, Capstone Project and MTO Programs

Description: DIU and Fakir Group will collaborate to offer internships, capstone project and MTO programs for final-year students of the Department of Textile Engineering. These programs will provide students with practical, industry-relevant experience at Fakir Group's facilities, bridging the gap between academic learning and industry requirements and develop a robust problem-solving mindset by addressing and resolving industry challenges. Internships will last a minimum of eight weeks, and high-performing interns may be considered for MTO positions.

Daffodil International University: Daffodil Smart City, Birulia, Savar, Dhaka-1216, Bangladesh
Tel: +8809617901212, +8802224441833-4,01713493051, 01713493141, 01841493050
E-mail: info@daffodilvarsity.edu.bd, Fax: +88 02 9131947
www.daffodilvarsity.edu.bd

Activities:

- Internships for final-year students, grouped in teams of 2-5 members.
- Duration: Minimum eight weeks (2 months).
- Supervised by Fakir Group mentors.
- Evaluation based on reports and viva.
- 20 students annually (10 per semester), subject to vacancy.
- MTO positions may be offered based on performance.

2.3 Workshops, Seminars, and Conferences

Description: DIU and FAKIR GROUP will jointly organize events to promote knowledge exchange and professional development in the textile and fashion industries.

Activities:

- Plan and execute workshops and seminars on emerging trends.
- Invite industry leaders to present at events.
- Offer networking opportunities to students and professionals.

2.4 Joint Projects and Initiatives

Description: Both parties will collaborate on initiatives aimed at enhancing sustainability, technological advancement, and operational efficiency in the textile industry.

Activities:

- Work on projects identified as common interests.
- Develop proposals and execution plans for initiatives.
- Monitor progress and evaluate outcomes collaboratively.

2.5 Job Fair and Spot Recruitment Event

Description: DIU and Fakir Group will jointly organize an annual Job Fair to connect graduating students with employers in the textile and apparel industry. The fair will offer students career opportunities while allowing employers to assess candidates based on skills and industry requirements. In addition to the Job Fair, Spot Recruitment Events can be organized on campus at any time, based on demand, allowing employers to directly recruit students as job openings arise.

Daffodil International University: Daffodil Smart City, Birulia, Savar, Dhaka-1216, Bangladesh
Tel: +8809617901212, +8802224441833-4,01713493051, 01713493141, 01841493050
E-mail: info@daffodilvarsity.edu.bd, Fax: +88 02 9131947
www.daffodilvarsity.edu.bd

Activities:

Annual Job Fair:

- One-day event held annually.
- Graduating students from the Department of Textile Engineering will participate.
- Employers assess candidates through exams, presentations, and viva.
- Facilitated by Fakir Group with support from DIU.
- Documentation as per prescribed format, copies submitted to both parties.

Spot Recruitment Events:

- Organized on-campus, based on demand and employer requirements.
- Employers can directly recruit students for available positions at any time, on any day.
- Facilitated by Fakir Group in coordination with DIU.
- Documentation and records to be maintained and submitted as required.

3. RESPONSIBILITIES OF PARTIES

DIU:

- Provide academic expertise and resources.
- Facilitate student internships and promote participation in training programs.
- Organize joint events in collaboration with FAKIR GROUP.
- Provide laboratory space for displaying FAKIR GROUP's advanced machinery.

FAKIR GROUP:

- Offer insights into industry trends and provide access to resources.
- Host DIU students for internships and industrial training.
- Collaborate on research projects, offering technological insights and practical knowledge.
- Provide advanced machinery as part of CSR activities and maintain the display center at DIU.

Daffodil International University: Daffodil Smart City, Birulia, Savar, Dhaka-1216, Bangladesh

4. GOVERNANCE STRUCTURE

A governing body or committee responsible for overseeing the implementation of the MoU:

Composition:

Name	Designation	Name	Designation
Mr. Tanvir Ahmed Chowdhury	Head, TE, DIU	Sumon Kante Singha, BSP	Group GM HR, Admin & Compliance
Md. Abu Sayed Ibn Shams	Coordination Officer, TE, DIU	Md. Sowfen Huda Sahad	Sr. Officer-HR

*The composition of the governing body may be changed by the Head of the department of Textile Engineering from the academic side and Sumon Kante Singha, BSP, from industry side.

Roles and responsibilities: The governing body will be responsible for monitoring the progress of collaborative activities, resolving any issues or disputes that may arise, and ensuring that the objectives of the MoU are met.

Meeting frequency and decision-making processes: The governing body will meet regularly to review progress, discuss upcoming initiatives, and make decisions regarding the implementation of the MoU. Decision-making processes will be collaborative, with input from all members of the governing body.

5. FINANCIAL ARRANGEMENTS

Funding for joint projects or initiatives: Both parties may contribute financial resources towards joint research projects, workshops, or other collaborative initiatives as outlined in the MoU.

Resource sharing agreements: Any sharing of resources, such as equipment, facilities, or personnel, will be governed by mutually agreed-upon agreements to ensure fair and equitable distribution.

Intellectual property rights and royalty arrangements: Intellectual property rights resulting from collaborative efforts will be managed according to established policies and agreements, with any royalties or benefits shared in accordance with the terms of the MoU.

Daffodil International University: Daffodil Smart City, Birulia, Savar, Dhaka-1216, Bangladesh
Tel: +8809617901212, +8802224441833-4,01713493051, 01713493141, 01841493050
E-mail: info@daffodilvarsity.edu.bd, Fax: +88 02 9131947
www.daffodilvarsity.edu.bd

6. DURATION AND REVIEW

Initial term: The MoU will have an initial term of 5 years, with provisions for renewal upon mutual agreement between both parties.

Conditions for renewal: Renewal of the MoU will be contingent upon the achievement of predefined objectives and the continued willingness of both parties to collaborate.

Process for review and amendment: The MoU will be subject to periodic review to assess progress, address any issues or challenges, and make amendments as necessary. Any proposed amendments to the MoU will require mutual agreement between DIU and FAKIR GROUP.

7. CONFIDENTIALITY

Agreement on the confidentiality of shared information and data: Both parties agree to protect any proprietary information shared during the course of collaboration. This includes but is not limited to, trade secrets, research findings, and other sensitive data.

8. PUBLICATION

All joint publications and reports will feature the logos of DIU and FAKIR GROUP. Both parties will review and approve materials before publication.

9. DISPUTE RESOLUTION

Mediation: In the event of a dispute or disagreement, both parties agree to first attempt to resolve the issue through mediation, facilitated by a neutral third party.

Arbitration: If mediation proves unsuccessful, disputes will be resolved through arbitration, with the appointment of an arbitrator agreed upon by both parties. The decision of the arbitrator will be binding.

1. INTRODUCTION

Brief overview of the parties involved:

Department of Textile Engineering, Daffodil International University (DIU):

Establishment: 2005

Vision of the Department: To become a center of excellence in textile education, training and research by accommodating the outcome-based teaching learning techniques and the best academic practices.

Objectives of the Department: To produce knowledgeable and competent graduates for the textile related industry who can demonstrate leadership quality and problem-solving skills in an innovative and sustainable

Daffodil International University (DIU) is recognized in independent government assessments as one of the top graded universities in Bangladesh. The university has been founded by Daffodil Group with the approval of the Ministry of Education under the private university Act of 1992 and its amendment in 1998 and Daffodil International university came into being in action on 24th January 2002, the university today combines impressive modern facilities and a dynamic approach to teaching and research with its proud heritage of service and achievement.

Tech Next Global (TNG):

Founded in 2018, TNG is a technology solution provider focused on the apparel and fashion industries.

TNG offers advanced solutions to enhance manufacturing efficiency and sustainability in textile and apparel factories, partnering with international brands as an exclusive agent in Bangladesh.

Objectives of the MoU:

This MoU aims to establish a collaborative framework between DIU and TNG to:

Enhance Research and Development: Collaborate on research projects that drive innovation in textile engineering and sustainable manufacturing practices.

Facilitate Student Internships and Training: Provide DIU students with practical experience through internships and training programs at TNG, bridging the gap between academia and industry.

Promote Knowledge Exchange: Organize workshops, seminars, and conferences to disseminate knowledge on emerging technologies and best practices in the textile industry.

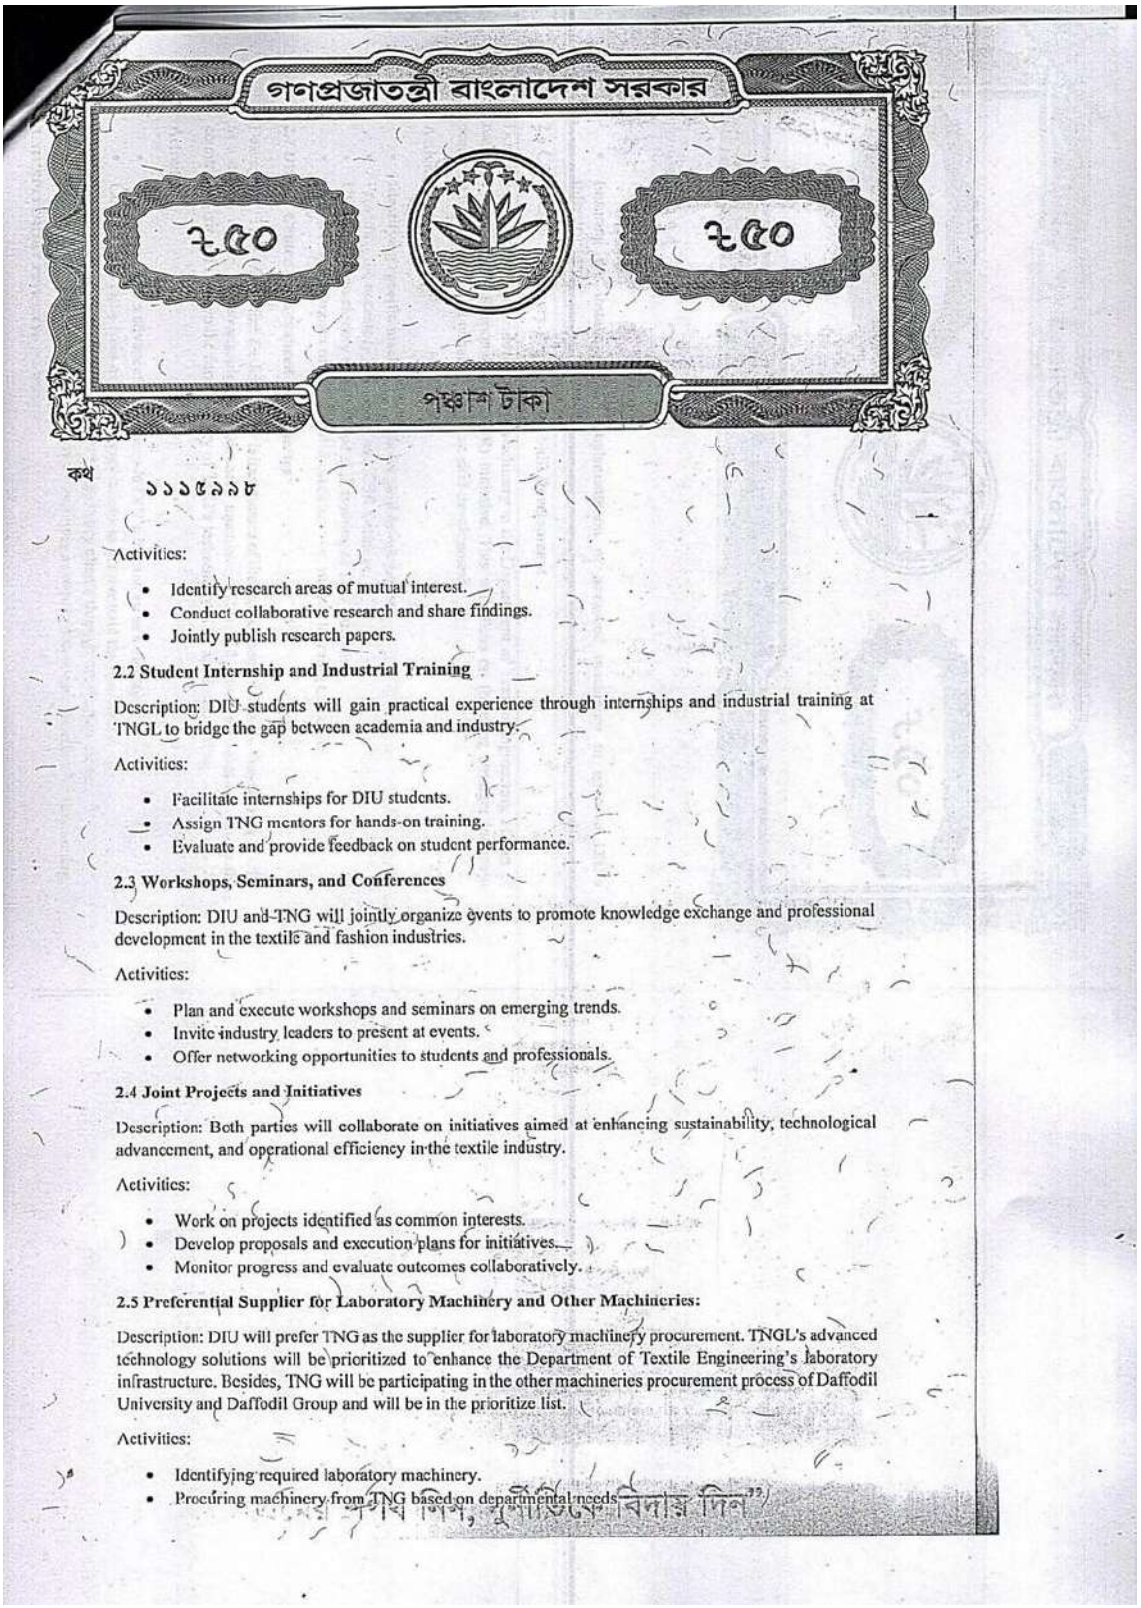
Explore Joint Projects: Identify and undertake joint initiatives that leverage the expertise of both organizations for mutual benefit.

2. SCOPE OF COLLABORATION

2.1 Research Collaboration

Description: Both parties will collaborate on joint research projects to explore innovative technologies and sustainable practices for the apparel and textile industries.

"সঠিক পথে চলুন, দুর্নীতিকে বিদায় দিন"



কথ ১১১৫৯৯৮

Activities:

- Identify research areas of mutual interest.
- Conduct collaborative research and share findings.
- Jointly publish research papers.

2.2 Student Internship and Industrial Training

Description: DIU students will gain practical experience through internships and industrial training at TNGL to bridge the gap between academia and industry.

Activities:

- Facilitate internships for DIU students.
- Assign TNG mentors for hands-on training.
- Evaluate and provide feedback on student performance.

2.3 Workshops, Seminars, and Conferences

Description: DIU and TNG will jointly organize events to promote knowledge exchange and professional development in the textile and fashion industries.

Activities:

- Plan and execute workshops and seminars on emerging trends.
- Invite industry leaders to present at events.
- Offer networking opportunities to students and professionals.

2.4 Joint Projects and Initiatives

Description: Both parties will collaborate on initiatives aimed at enhancing sustainability, technological advancement, and operational efficiency in the textile industry.

Activities:

- Work on projects identified as common interests.
- Develop proposals and execution plans for initiatives.
- Monitor progress and evaluate outcomes collaboratively.

2.5 Preferential Supplier for Laboratory Machinery and Other Machineries:

Description: DIU will prefer TNG as the supplier for laboratory machinery procurement. TNGL's advanced technology solutions will be prioritized to enhance the Department of Textile Engineering's laboratory infrastructure. Besides, TNG will be participating in the other machineries procurement process of Daffodil University and Daffodil Group and will be in the prioritize list.

Activities:

- Identifying required laboratory machinery.
- Procuring machinery from TNG based on departmental needs.

কছ ৮৬১০২৭৭

- Ensuring the installation and implementation of advanced machinery to improve DIU's infrastructure.

2.6 CSR-Based Machinery Provision for Skill Development

Description: TNG will provide advanced machinery to the Department of Textile Engineering as part of their Corporate Social Responsibility (CSR) initiative. This will focus on fostering stronger industry-academia relationships and enhancing student skill development.

Activities:

- Identifying specific machinery needs for skill development.
- Providing the necessary machinery as a CSR initiative.
- Utilizing the machinery for advanced skill training of DIU students.
- Monitoring the impact of the provided machinery on student learning outcomes.

2.7 Display Center for Advanced Machineries

Description: TNG will utilize the laboratory infrastructure of the Department of Textile Engineering at DIU as a display center for showcasing their advanced machinery. This will allow organizations across the country to visit and observe the functionality of TNG's technology in an academic setting.

Activities:

- Setting up TNG's advanced machinery in DIU's laboratory as a display.
- Coordinating visits from external organizations to demonstrate the machinery.
- Promoting TNG's machinery to potential industry clients through the display center.
- Maintaining and updating the displayed machinery as required to ensure its effective functioning.

3. RESPONSIBILITIES OF PARTIES

DIU:

- Provide academic expertise and resources.
- Facilitate student internships and promote participation in training programs.
- Organize joint events in collaboration with TNG.
- Provide laboratory space for displaying TNG's advanced machinery.

TNG:

- Offer insights into industry trends and provide access to resources.
- Host DIU students for internships and industrial training.
- Collaborate on research projects, offering technological insights and practical knowledge.
- Provide advanced machinery as part of CSR activities and maintain the display center at DIU.

4. GOVERNANCE STRUCTURE

MEMORANDUM OF UNDERSTANDING

BETWEEN

DAFFODIL INTERNATIONAL UNIVERSITY (DIU)

AND

NAMANGAN INSTITUTE OF TEXTILE INDUSTRY (NSTI)

This Memorandum of understanding is between:
Daffodil International University,
Daffodil Smart City (DSC),
Birulia, Savar, Dhaka-1216, Bangladesh
and
Namangan Institute of Textile Industry,
Janubiy aylanma yuli str., 17, 160605,
Namangan city, Namangan region, Uzbekistan

Background of the agreement

This memorandum of agreement between Namangan Institute of Textile Industry and Daffodil International University represents agreements between the two institutions to create mutually beneficial opportunities for academic and professional development, research advancement, and cultural exchange in the field of textiles, apparel, machinery and other multidisciplinary areas. This collaboration between two leading partners will create boundless opportunities for joint ventures that will revolutionize the higher institutions roles in academic, research and community service activities. The Namangan Institute of Textile Industry (NSTI) was established in 2022 in Namangan, Uzbekistan, to address the growing demand for qualified professionals in the textile sector. It is renowned for its exceptional academic programs, highly trained faculty members, cutting-edge facilities, accredited laboratories, and state-of-the-art technology infrastructure.

Similarly, Daffodil International University or (DIU) is a private research university located in Daffodil Smart City, Birulia, Savar, and Dhaka, Bangladesh. It was established on 24 January 2002 under the Private University Act of 1992. DIU is the largest private university in Bangladesh by area.

DIU is the first university in Bangladesh to have signed the UN's Commitment to Sustainable Practices of Higher Education Institutions in engineering and other multidisciplinary fields of studies. According to the SCOPUS indexed research publications in 2022, Daffodil International University has been positioned second among all universities and 1st among all private universities in Bangladesh.

Through this memorandum's joint initiatives NSTI and DIU will explore opportunities together to conduct research work on existing technologies. Additionally, they will produce training modules aimed at up skilling professionals in the sector while also supporting exchange programs to broaden horizons for students interested in pursuing careers specifically textile & apparel sectors as well as in . This collaboration exemplifies how partnerships can foster innovation by bringing together diverse perspectives and expertise towards one common objective - growth within their respective textile and apparel industrial fields- something we look forward to seeing more often than ever before.

Recognizing the importance of higher education, research, and training in the regional development of Bangladesh and Uzbekistan; desiring to enhance bilateral cooperation in higher education, research, and training, in accordance with the national laws and regulations of Uzbekistan and Bangladesh.

Namangan Institute of Textile Industry (NSTI) and Daffodil International University (DIU) hereinafter referred to jointly as "the Parties", do hereby agree on the following:

ARTICLE I - OBJECTIVES

The objective of this Memorandum of Understanding (MoU) is to promote mutual cooperation in education and training on a reciprocal basis for the advancement of knowledge and intellectual development.

ARTICLE II - SCOPE OF COOPERATION

NSTI and DIU will, inter alia:

1. Faculty/Researcher exchange:

Facilitate the exchange of faculty members and researchers (Master's and doctoral scholar) for sharing knowledge and experiences.

2. Students Exchange:

Facilitate exchange program for students at either university or institute.

3. Joint Research:

Joint research by faculty members and/or researchers from parties can be funded by institutions, the private sector, or government agencies or departments.

4. Teaching/ Learning activities:

Teaching and learning activities through visiting lecturing activities in both parties concerned.

5. Conference/Training:

Encourage participation by faculty members and students in educational congresses, conferences, workshops, symposiums, training courses, exhibits, and other activities related to the objectives of this MoU.

6. Social and Cultural Learning:

The two organizations agree to invite each other to their social and cultural events so that the host organization can exchange their activities with the visiting organization.

ARTICLE III – IMPLEMENTATION

The Parties shall implement the MoU through specific arrangements, programs, and/or projects subject to the available funds of the Parties, the details of which shall be agreed upon in a separate Memorandum of Agreement to be signed by the Parties.

ARTICLE IV – ACADEMIC PROGRAMS

Both parties concerned will retain control and authority over academic matters or the business/industry code of conduct in their respective degree and diploma programs and positions in business and industrial institutions. However, amendments and customizations of the MoU to meet regulatory compliance shall be done with the mutual consent of the two parties involved.

ARTICLE V – FUNDING

The cost of the cooperative activities under this MoU shall be funded in terms to be mutually determined by the Parties and shall be subject to the availability of funds.

ARTICLE VI – SUSPENSION

Each party reserves the right, for reasons of security, public order, or public health, to temporarily suspend, either in whole or in part, the implementation of this MoU, which shall be effective sixty (60) days after notification has been given to the other party.

ARTICLE VII - CONFIDENTIALITY AND INTELLECTUAL PROPERTY RIGHTS

1. The parties shall ensure that educational data, information, and intellectual property rights mutually provided and developed and carried out under this MoU shall not be transferred or supplied to a third party without the prior written consent of the other party.
2. In the event of any specific arrangement, program, or project that may result in intellectual property rights, the parties shall enter into a separate agreement in accordance with the laws and regulations of their respective countries.

ARTICLE VIII - SETTLEMENT OF DISPUTES

Any dispute arising from the implementation of the provisions of this MoU shall be settled amicably through consultations or negotiations.

ARTICLE IX – AMENDMENT

This MoU may be reviewed and amended at any time with the mutual written consent of the parties.

ARTICLE X - DURATION AND TERMINATION

1. This MoU shall be effective for a period of five (5) years and will be automatically renewed after five (5) years.
2. The termination of this MoU shall not affect the validity and duration of any arrangements, programs, activities, or projects made under this MoU until the completion of such arrangements, programs, activities, or projects, unless otherwise agreed upon by the parties.

IN WITNESS WHERE OF, the undersigned, being duly authorized by their respective schools, have signed this MoU in the cities of Namangan and Dhaka.

Daffodil International University

Ethiopian Institute of Textile and Fashion Technology

Memorandum of Understanding

Between

Ethiopian Institute of Textile and Fashion Technology (EiTEX)

Bahir Dar University

And

Daffodil International University

This Memorandum of Understanding is between:
Daffodil International University,
Daffodil Smart City (DSC),
Birulia, Savar, Dhaka-1216, Bangladesh
And
Ethiopian Institute of Textile and Fashion Technology (EiTEX),
P.O. Box: 1037, Office phone: +251 582 26 62 46
Bahir Dar University, Bahir Dar, Ethiopia

Background of the agreement

This memorandum of understanding between the Ethiopian Institute of Textile and Fashion Technology (EiTEX), Bahir Dar University and Daffodil International University represents agreements between the two institutions to create mutually beneficial opportunities for academic and professional development, research advancement, and cultural exchange in the field of textiles, apparel, leather, and fashion sector and other multidisciplinary areas. This collaboration between two leading partners will create boundless opportunities for joint ventures that will revolutionize the higher institutions roles in academic, research and community service activities. **EiTEX** is renowned for its exceptional academic programs, highly trained faculty members, cutting-edge facilities, accredited laboratories, and state-of-the-art technology infrastructure.

Similarly, **Daffodil International University** or **(DIU)** is a private research university located in Daffodil Smart City, Birulia, Savar, Dhaka, Bangladesh. It was established on 24 January 2002 under the Private University Act of 1992. DIU is the largest private university in Bangladesh by area.

DIU is the first university in Bangladesh to have signed the UN's Commitment to Sustainable Practices of Higher Education Institutions in engineering and other multidisciplinary fields of studies. According to the SCOPUS indexed research publications in 2022, Daffodil International University has been positioned second among all universities and 1st among all private universities in Bangladesh.

Through this memorandum's joint initiatives that EiTEX and, DIU will explore opportunities together to conduct research work on existing technologies. Additionally, they will produce training modules aimed at upskilling professionals in the sector while also supporting exchange programs to broaden horizons for students interested in pursuing careers specifically textile & fashion sectors. This collaboration exemplifies how partnerships can foster innovation by bringing together diverse perspectives and expertise towards one common objective - growth within their respective textile and apparel industrial fields- something we look forward to seeing more often than ever before.

Article 1: Partnership aims and objectives.

The partnership between EiTEX and DIU likely has several aims and objectives tailored to the mutual benefit of both institutions. Overall, the partnership aims to leverage the complementary strengths and resources of EiTEX and DIU to achieve shared goals in education, research, innovation, and societal impact. The partnership strives to build relation on the following areas of collaborations:

- **Academic Collaboration:** Foster collaboration in academic programs, such as joint degree programs, exchange programs for students and faculty and the development of collaborative research projects.
- **Staff and Student Exchange programs:** The two institutions will encourage faculty and staff exchange of experts in the common fields for short periods (1-4 weeks) and long periods (at least 3 months) with exchange programs like undergraduate, postgraduate or internship programs in Turkey as well as in Ethiopia.
- **Cultural Exchange and Diversity**: Foster cross-cultural understanding and appreciation by facilitating cultural exchange activities, such as student and faculty exchanges, joint cultural events, and language programs.
- **Research Advancement:** Facilitate joint research initiatives aimed at addressing common challenges and advancing knowledge in the field of their common interest. This could involve sharing resources, expertise, and infrastructure to enhance research outcomes.
- **Capacity Building:** Support the development of human capital by exchanging knowledge, skills, and best practices in teaching, research, and industry engagement through long-term and short-term trainings. This may include key learning programs, workshops, and seminars for students, faculty, and industry professionals.
- **Innovation and Technology Transfer:** Promote innovation and technology transfer by facilitating the exchange of ideas, technologies, and research findings between the two institutions.
- **Internationalization**: Enhance the international profile and visibility of both institutions through joint academic and research activities, participation in international conferences and events, and collaboration with global partners.
- **Exchange of academic material and other information:** will promote the exchange of programs, materials, and resources and organize joint seminars, and national and international conferences to improve the quality of education and assure high standards of materials, resources, and methods of delivery.

To carry out the above-mentioned activities, a detailed plan should be prepared and must be agreed upon in consultation between the two parties.

Article 2: Status of the memorandum of understanding

This Memorandum of Understanding is effective upon execution for a period of five (5) years and is subject to revision, renewal, and cancellation by mutual consent. Each parties have the right to end the arrangements with a minimum of twelve (12) months' notice. The parties should instead negotiate a separate agreement to resolve the matter if one of the institutes believes that any action started in accordance with this agreement may result in the development of intellectual property or may involve the exchange of confidential information.

Article 3: Duration of agreement

The involved stakeholders of EiTEX and DIU are responsible for carrying out the terms of this agreement as of the date of their signatures. This agreement will go into force and be in effect for five years straight as of the date of execution. A letter from each is all required to extend it for another term.

Article 4: Partnership governance and oversight

The ultimate governance of this agreement lies with the scientific director of EiTEX and the chairperson/Vice Chancellor of DIU. However, tasks and routine activities will be overseen by the external officers of the two partners and department of respective bodies.

Article 5: Relationship and communication management

Day to day facilities and tasks to be performed based on areas of agreement will be assessed and monitored by the following contact persons.

BDU-EiTEX contact person.

- Medhanit Belachew (PhD)- Director, Information and Strategic Communication
  Email address: medibel39@gmail.com
  Phone number: +251 927 650 932
- Name: Tesfaldet Esubalew (External relations office)
  Email address: tesfa88c@gmail.com

Signing Date: 9th December, 2024

1. INTRODUCTION

Brief overview of the parties involved:

Department of Textile Engineering, Daffodil International University (DIU):

Establishment: 2005

Vision of the Department: To become a center of excellence in textile education, training and research by accommodating the outcome based teaching learning techniques and the best academic practices.

Objectives of the Department: To produce knowledgeable and competent graduates for the textile related industry who can demonstrate leadership quality and problem solving skills in an innovative and sustainable

Daffodil International University (DIU) is recognized in independent government assessments as one of the top graded universities in Bangladesh. The university has been founded by Daffodil Group with the approval of the Ministry of Education under the private university Act of 1992 and its amendment in 1998 and Daffodil International university came into being in action on 24th January 2002, the university today combines impressive modern facilities and a dynamic approach to teaching and research with its proud heritage of service and achievement.

ParaMount:

PARAMOUNT Established in year 2008, it's a rapid growing Company who Focus on Apparel Machinery, CAD Software, All kinds of Spare Parts, Auto Cutter Blade, Stone, TKT-45, Hp-45 & China-45 Ink Etc. We are Focus on all kind of Apparel Machinery Like: Fabrics Spreader Machine, Apparel CAD/CAM Software 2D/3D, High Speed Inkjet Plotter Machine, Pattern Cutter Machine, Template Cutter Machine, Template Sewing Machine, Photo Camera & Numeric Digitizer, Fabric Inspection Machine, Fabric Relaxing Machine, Fabric End Cutting Machine, Snap Button Machine Etc. This company provide high quality of spare parts and consumables that suitable for Fabric auto cutter & Spreader of Gerber, Lectra, Kuris, Bullmer, FK, IMA, Investronica Etc .

Objectives of the MoU:

This MoU aims to establish a collaborative framework between DIU and Paramount to:

Enhance Research and Development: Collaborate on research projects that drive innovation in textile engineering and sustainable manufacturing practices.

Facilitate Student Internships and Training: Provide DIU students with practical experience through internships and training programs at Paramount, bridging the gap between academia and industry.

Promote Knowledge Exchange: Organize workshops, seminars, and conferences to disseminate knowledge on emerging technologies and best practices in the textile industry.

Explore Joint Projects: Identify and undertake joint initiatives that leverage the expertise of both organizations for mutual benefit.

2. SCOPE OF COLLABORATION

2.1 Research Collaboration

Description: Both parties will collaborate on joint research projects to explore innovative technologies and sustainable practices for the apparel and textile industries.

Activities:

- Identify research areas of mutual interest.
- Conduct collaborative research and share findings.
- Jointly publish research papers.

2.2 Student Internship and Industrial Training

Description: DIU students will gain practical experience through internships and industrial training at Paramount to bridge the gap between academia and industry.

Activities:

- Facilitate internships for DIU students.
- Assign ParaMount mentors for hands-on training specially on CAD CAM software.
- Evaluate and provide feedback on student performance.

- **Software Support**: ParaMount will provide free software and ongoing technical support necessary to operate the provided machines.
- **Educational Support**: ParaMount will offer free training sessions for DIU students on the use of CAD CAM software. These training sessions will be conducted by ParaMount's qualified instructors.

2.3 Workshops, Seminars, and Conferences

Description: DIU and ParaMount will jointly organize events to promote knowledge exchange and professional development in the textile and fashion industries.

Activities:

- Plan and execute workshops and seminars on emerging trends.
- Invite industry leaders to present at events.
- Offer networking opportunities to students and professionals.

2.4 Joint Projects and Initiatives

Description: Both parties will collaborate on initiatives aimed at enhancing sustainability, technological advancement, and operational efficiency in the textile industry.

Activities:

- Work on projects identified as common interests.
- Develop proposals and execution plans for initiatives.
- Monitor progress and evaluate outcomes collaboratively.

2.5 Preferential Supplier for Laboratory Machinery

Description: DIU will prefer ParaMount as the supplier for laboratory machinery procurement. ParaMount's advanced technology solutions will be prioritized to enhance the Department of Textile Engineering's laboratory infrastructure.

Activities:

- Identifying required laboratory machinery.
- Procuring machinery from ParaMount based on departmental needs.
- Ensuring the installation and implementation of advanced machinery to improve DIU's infrastructure.

2.6 CSR-Based Machinery Provision for Skill Development

Description: ParaMount will provide advanced machinery to the Department of Textile Engineering as part of their Corporate Social Responsibility (CSR) initiative. This will focus on fostering stronger industry-academia relationships and enhancing student skill development.

Activities:

- Identifying specific machinery needs for skill development.
- Providing the necessary machinery as a CSR initiative.
- Utilizing the machinery for advanced skill training of DIU students.
- Monitoring the impact of the provided machinery on student learning outcomes.

2.7 Display Center for Advanced Machineries

Description: ParaMount will utilize the laboratory infrastructure of the Department of Textile Engineering at DIU as a display center for showcasing their advanced machinery. This will allow organizations across the country to visit and observe the functionality of ParaMount's technology in an academic setting.

Activities:

- Setting up ParaMount's advanced machinery in DIU's laboratory as a display.
- Coordinating visits from external organizations to demonstrate the machinery.
- Promoting ParaMount's machinery to potential industry clients through the display center.
- Maintaining and updating the displayed machinery as required to ensure its effective functioning.

2.8 Honorarium for Educational Support

- Although ParaMount has agreed to provide free classes, DIU intends to offer an honorarium to the instructors who conduct these sessions.
- DIU will integrate these classes into its **Microcredential Course**, and the honorarium will be provided to the instructors based on DIU's academic policies

3. RESPONSIBILITIES OF PARTIES

DIU:

- Provide academic expertise and resources.
- Facilitate student internships and promote participation in training programs.
- Organize joint events in collaboration with Paramount.
- Provide laboratory space for displaying Paramount's advanced machinery.

ParaMount:

- Offer insights into industry trends and provide access to resources.
- Host DIU students for internships and industrial training.
- Collaborate on research projects, offering technological insights and practical knowledge.
- Provide advanced machinery as part of CSR activities and maintain the display center at DIU.

4. GOVERNANCE STRUCTURE

A governing body or committee responsible for overseeing the implementation of the MoU:

Composition:

Name	Designation	Name	Designation
Mr. Tanvir Ahmed Chowdhury	Head, TE, DIU	Md. Saiful Islam	CEO, ParaMount
Md. Abu Sayed Ibn Shams	Coordination Officer, TE, DIU		

*The composition of the governing body may be changed by the Head of the department of Textile Engineering from academic side and Md. Saiful Islam from industry side.

Roles and responsibilities: The governing body will be responsible for monitoring the progress of collaborative activities, resolving any issues or disputes that may arise, and ensuring that the objectives of the MoU are met.

Meeting frequency and decision-making processes: The governing body will meet regularly to review progress, discuss upcoming initiatives, and make decisions regarding the implementation of the MoU. Decision-making processes will be collaborative, with input from all members of the governing body.

5. FINANCIAL ARRANGEMENTS

Funding for joint projects or initiatives: Both parties may contribute financial resources towards joint research projects, workshops, or other collaborative initiatives as outlined in the MoU.

Resource sharing agreements: Any sharing of resources, such as equipment, facilities, or personnel, will be governed by mutually agreed-upon agreements to ensure fair and equitable distribution.

Intellectual property rights and royalty arrangements: Intellectual property rights resulting from collaborative efforts will be managed according to established policies and agreements, with any royalties or benefits shared in accordance with the terms of the MoU.

6. DURATION AND REVIEW

Initial term: The MoU will have an initial term of 5 years, with provisions for renewal upon mutual agreement between both parties.

Conditions for renewal: Renewal of the MoU will be contingent upon the achievement of predefined objectives and the continued willingness of both parties to collaborate.

Process for review and amendment: The MoU will be subject to periodic review to assess progress, address any issues or challenges, and make amendments as necessary. Any proposed amendments to the MoU will require mutual agreement between DIU and ParaMount.

7. CONFIDENTIALITY

Agreement on the confidentiality of shared information and data: Both parties agree to protect any proprietary information shared during the course of collaboration. This includes but is not limited to, trade secrets, research findings, and other sensitive data.

8. PUBLICATION

All joint publications and reports will feature the logos of DIU and ParaMount. Both parties will review and approve materials before publication.

9. DISPUTE RESOLUTION

Mediation: In the event of a dispute or disagreement, both parties agree to first attempt to resolve the issue through mediation, facilitated by a neutral third party.

Arbitration: If mediation proves unsuccessful, disputes will be resolved through arbitration, with the appointment of an arbitrator agreed upon by both parties. The decision of the arbitrator will be binding.

10. SIGNATORIES

IN WITNESS WHEREOF the duly authorized representatives hereby agree to the terms set forth in this MoU.

PURBANI

Daffodil International University

MEMORANDUM OF AGREEMENT (MoA)

between

Purbani Group

Richmond Concord (5th & 6th Floor), 68, Gulshan Avenue, Gulshan-1, Dhaka-1212, Bangladesh

Department of Textile Engineering

Daffodil International University, Daffodil Smart City, Ashulia, Savar, Dhaka-1341, Bangladesh

Purbani Group, Dhaka, Bangladesh and **Department of Textile Engineering at Daffodil International University, Dhaka, Bangladesh**, aim to establish and develop a close industry academia relationship to promote academic and industrial exchanges between the two organizations through mutual assistance especially in the areas of education, research and placement.

This agreement of cooperation will serve as a general framework for cooperation and will facilitate the members of both organizations to discuss and develop specific criterion of collaboration from time to time. Each organization will designate a **'Liaison Personnel'** to coordinate the effectiveness of this agreement in the best interest of both. Cooperative relations shall be carried out through the following activities such as:

A. Assignment and Industrial Projects
Preamble: Students are assigned for different assignments of different courses to attain specific outcomes. Besides, different projects can also be incorporated based on the specific requirements of course/curriculum which can be more effective if it is associated with industry including the guidance from industry and academia.
Type: Project based where assignments can be part of the whole project and must be aligned to specific outcome/s of project
Target Students Group: Assignment: Level 1 and 2; Projects: Level 3 and 4
Team Formation: Two-Five students (Max. 5 groups)
Time Frame: One-Two Semester

Daffodil International University: Daffodil Smart City, Ashulia, Dhaka, Bangladesh
Tel: +88 02 9138234-5, 48111639, 48111670, 01847140094, 01713493051, 01713493141, 01811458841, 01841493050
E-mail: info@daffodilvarsity.edu.bd, Fax: +88 02 9131947
www.daffodilvarsity.edu.bd

Supervisors: One from industry and one from university **Evaluation:** Presentation after the time frame **Documentation:** As per prescribed format, copy to be submitted in the relevant offices

B. Research and Development
Preamble: Product diversity is the prime concern to sustain in the business where innovation to be the first priority. By keeping that focus, both organizations are to be aligned to engage their resources in the sphere of research and development for their sustainability. **Type:** Project based **Target Group**: Faculty Members and R& D Team but not limited to **Team Formation:** One-Three (combining from both organizations) **Time Frame:** One-Two Years **Supervisors:** There will be a project manager but external supervisor can also be engaged prior approval **Evaluation:** Publication, Report, Presentation **Documentation:** As per prescribed format by the respective project manager, copy to be submitted in the relevant offices

C. Capacity Building
Preamble: Industry-Academia gap minimization is the time bound requirements for both parties which can be addressed through the knowledge sharing from both side. The combination of knowledge and experience may be one of the best ingredients to build capacity in the respective sides. **Type:** Training/Workshop/Field Study/Feedback **Contents:** As per requirements and availability **Venue:** Respective Organization **Frequency:** At least one per year **Target Group**: Students/Faculties/Officials from respective organization **Team Formation:** Not more than five in a group

Daffodil International University: Daffodil Smart City, Ashulia, Dhaka, Bangladesh
Tel: +88 02 9138234-5, 48111639, 48111670, 01847140094, 01713493051, 01713493141, 01811458841, 01841493050
E-mail: info@daffodilvarsity.edu.bd, Fax: +88 02 9131947
www.daffodilvarsity.edu.bd

Time Frame: One-Two Weeks
Facilitator: Nominated from the organization
Evaluation: Report
Documentation: As per prescribed format, copy to be submitted in the relevant offices

D. Organization Exposure for Industry Engagement
Preamble: Learning is maximized and fulfilled through relating the acquired knowledge to the relevant facilities which practically in practice. It is very crucial especially for the learners in the context of their effective learning.
Type: Site Visit
Frequency: Two per year
Target Group: Students
Team Formation: One section of 50 students
Time Frame: One Day
Facilitator: Batch advisor and nominated personnel
Evaluation: Report
Documentation: As per prescribed format, copy to be submitted in the relevant offices

E. Experience Sharing/Learning Session
Preamble: Experience is the value which can't be achieved overnight and the sharing of that achieved experience is always inspiring and encouraging for all spheres of learners. As a learner it is always an opportunity to listen from the chapter of experience.
Type: Session/Lecture
Contents: As per requirements but not limited to
Venue: Respective Organization
Frequency: At least one per year
Target Group: Students/Faculties/Officials

Daffodil International University: Daffodil Smart City, Ashulia, Dhaka, Bangladesh
Tel: +88 02 9138234-5, 48111639, 48111670, 01847140094, 01713493051, 01713493141, 01811458841, 01841493050
E-mail: info@daffodilvarsity.edu.bd, Fax: +88 02 9131947
www.daffodilvarsity.edu.bd

Team Formation: A batch (Max. 250 students)/For officials and Faculties: 10-25
Time Frame: One Day (One-Three Hours)
Facilitator: Nominated from the organization
Documentation: As per prescribed format, copy to be submitted in the relevant offices

F. Internship and MTO
Preamble: In engineering education hands on working experience plays a vital role to accommodate a graduate or to fit a graduate in job market as per the demand of job recruiter. It is also important for the employers as they are supposed to get the prospective job seekers from the interns with least knowledge.
Type: Training/Intern
Contents: As per requirements
Venue: Respective Organization
Frequency: Two per year (20 students per year i.e. 10 students per semester)- Based on vacancy available
Target Group: Final Year Students
Team Formation: 2-5 in a group
Time Frame: Min. Eight weeks (2 months)
Supervisor: Nominated from the organization
Evaluation: Report, Viva
Prospects: As per the requirements MTO can be offered based on performance
Documentation: As per prescribed format, copy to be submitted in the relevant offices

Daffodil International University: Daffodil Smart City, Ashulia, Dhaka, Bangladesh
Tel: +88 02 9138234-5, 48111639, 48111670, 01847140094, 01713493051, 01713493141, 01811458841, 01841493050
E-mail: info@daffodilvarsity.edu.bd, Fax: +88 02 9131947
www.daffodilvarsity.edu.bd

G. Job fair
Preamble: Job is the ultimate goal for a graduate and skilled job seekers are the requirements from the employers. Both requirements can be united in the fair of job where both can assess what's out and in relevant to the present requirements.
Type: Fair
Venue: Respective Organization
Frequency: One per year
Target Group: Graduating Students
Time Frame: One Day
Facilitator: Nominated from the organization
Evaluation: Exam, Presentation, Viva
Documentation: As per prescribed format, copy to be submitted in the relevant offices

H. Resources and Facilities Sharing
Both organizations can share their resources and facilities as per their requirements upon maintaining the policy of the relevant organization and required approval.

The Agreement shall take effect from the date of signing and shall be valid for an initial period of 5 (five) years. Neither University shall take action relative to this Agreement without consultation with the partner in this Agreement.

Daffodil International University: Daffodil Smart City, Ashulia, Dhaka, Bangladesh

MEMORANDUM OF UNDERSTANDING

Between

"Textile is in our heart"

DEPARTMENT OF TEXTILE ENGINEERING

Daffodil International University

Daffodil Smart City (DSC)

Birulia, Savar, Dhaka-1216

And

Urmi Group

SAM Tower, Level- 2, 3, 4 & 5

House-4, Road-22, Gulshan-1,

Dhaka-1212, Bangladesh

Signing Date: 25th February 2025

1. INTRODUCTION

Brief overview of the parties involved:

Department of Textile Engineering, Daffodil International University (DIU):

Establishment: 2005

Vision of the Department: To become a center of excellence in textile education, training and research by accommodating the outcome-based teaching learning techniques and the best academic practices.

Objectives of the Department: To produce knowledgeable and competent graduates for the textile related industry who can demonstrate leadership quality and problem-solving skills in an innovative and sustainable

Daffodil International University (DIU) is recognized in independent government assessments as one of the top graded universities in Bangladesh. The university has been founded by Daffodil Group with the approval of the Ministry of Education under the private university Act of 1992 and its amendment in 1998 and Daffodil International university came into being in action on 24th January 2002, the university today combines impressive modern facilities and a dynamic approach to teaching and research with its proud heritage of service and achievement.

Urmi Group:

Urmi Group is actively redefining the readymade garments industry's standards of production performance, innovation and growth. Our production facilities are eco-friendly and green, so we can leave a minimum carbon footprint in the environment. Continuous improvement is in the DNA of our organization. It is the story of people who have shaped the Group over the past 64 years. Starting in 1955 with a brickfield, URMI is now acting to become one of the largest diversified groups. As part of our continuous improvement (CI), we have identified our guiding lights for the future. We believe having clarity on the purpose and mission of the company will help us to reach our goals more conclusively. URMI Group's purpose, mission and values are summarized under the motto "IMPACT": Integrity, Mutual Trust, Passion for Excellence, Agility, Customer Focus, Teamwork & Co-operation. Our clusters are Textile, Garments, Agriculture, Navigation and Shipping.

Daffodil International University: Daffodil Smart City, Birulia, Savar, Dhaka-1216, Bangladesh
Tel: +8809617901212, +8802224441833-4,01713493051, 01713493141, 01841493050
E-mail: info@daffodilvarsity.edu.bd, Fax: +88 02 9131947
www.daffodilvarsity.edu.bd

Objectives of the MoU:

This MoU aims to establish a collaborative framework between DIU and URMI GROUP to:

Enhance Research and Development: Collaborate on research projects that drive innovation in textile engineering and sustainable manufacturing practices.

Facilitate Student Internships and Training: Provide DIU students with practical experience through internships and training programs at URMI GROUP, bridging the gap between academia and industry.

Promote Knowledge Exchange: Organize workshops, seminars, and conferences to disseminate knowledge on emerging technologies and best practices in the textile industry.

Explore Joint Projects: Identify and undertake joint initiatives that leverage the expertise of both organizations for mutual benefit.

2. SCOPE OF COLLABORATION

2.1 Research Collaboration

Description: Both parties will collaborate on joint research projects to explore innovative technologies and sustainable practices for the apparel and textile industries.

Activities:

- Identify research areas of mutual interest.
- Conduct collaborative research and share findings.
- Jointly publish research papers.

2.2 Student Internships, Capstone Project and MTO Programs

Description: DIU and URMI Group will collaborate to offer internships, capstone project and MTO programs for final-year students of the Department of Textile Engineering. These programs will provide students with practical, industry-relevant experience at URMI Group's facilities, bridging the gap between academic learning and industry requirements and develop a robust problem-solving mindset by addressing and resolving industry challenges. Internships will last a minimum of eight weeks, and high-performing interns may be considered for MTO positions. These students may be selected with the mutual consent between DIU and Urmi Group.

Daffodil International University: Daffodil Smart City, Birulia, Savar, Dhaka-1216, Bangladesh
Tel: +8809617901212, +8802224441833-4,01713493051, 01713493141, 01841493050
E-mail: info@daffodilvarsity.edu.bd, Fax: +88 02 9131947
www.daffodilvarsity.edu.bd

Activities:

- Internships for final-year students, grouped in teams of 2-5 members. The number of interns will be determined based on the requirement of Urmi Group. For each group, an expert from factory and a faculty member of DIU will be involved as a supervisor. During the internship period, interns will be given benefits as per the internship policy of Urmi Group.
- Duration: Minimum eight weeks (2 months).
- Evaluation based on reports and viva.

2.3 Workshops, Seminars, and Conferences

Description: DIU and URMI GROUP will jointly organize events to promote knowledge exchange and professional development in the textile and fashion industries.

Activities:

- Plan and execute workshops and seminars on emerging trends.
- Invite industry leaders to present at events.
- Offer networking opportunities to students and professionals.

2.4 Joint Projects and Initiatives

Description: Both parties will collaborate on initiatives aimed at enhancing sustainability, technological advancement, and operational efficiency in the textile industry.

Activities:

- Work on projects identified as common interests.
- Develop proposals and execution plans for initiatives.
- Monitor progress and evaluate outcomes collaboratively.

2.5 Curriculum Upgradation Partner

Description: URMI Group will collaborate with DIU to update and enhance the curriculum of the Department of Textile Engineering to meet evolving industry requirements.

Activities:

- Provide insights on current industry trends and skill requirements.
- Recommend updates to align the curriculum with modern technologies and practices.
- Support the inclusion of real-world case studies, practical projects, and industry-based learning modules.
- Facilitate guest lectures and workshops to bridge the gap between academia and industry.

Daffodil International University: Daffodil Smart City, Birulia, Savar, Dhaka-1216, Bangladesh
Tel: +8809617901212, +8802224441833-4,01713493051, 01713493141, 01841493050
E-mail: info@daffodilvarsity.edu.bd, Fax: +88 02 9131947
www.daffodilvarsity.edu.bd

2.6 Job Fair and Spot Recruitment Event

Description: DIU and Urmi Group will jointly organize an annual Job Fair to connect graduating students with employers in the textile and apparel industry. The fair will offer students career opportunities while allowing employers to assess candidates based on skills and industry requirements. In addition to the Job Fair, Spot Recruitment Events can be organized on campus at any time, based on demand, allowing employers to directly recruit students as job openings arise.

Activities:

Annual Job Fair:

- One-day event held annually.
- Graduating students from the Department of Textile Engineering will participate.
- Employers assess candidates through exams, presentations, and viva.
- Facilitated by Urmi Group with support from DIU.
- Documentation as per prescribed format, copies submitted to both parties.

Spot Recruitment Events:

- Organized on-campus, based on demand and employer requirements.
- Employers can directly recruit students for available positions at any time, on any day.
- Facilitated by Urmi Group in coordination with DIU.
- Documentation and records to be maintained and submitted as required.

3. RESPONSIBILITIES OF PARTIES

DIU:

- Provide academic expertise and resources.
- Facilitate student internships and promote participation in training programs.
- Organize joint events in collaboration with URMI GROUP.
- Provide laboratory space for displaying URMI GROUP's advanced machinery, Textile and Garment Samples (subject to availability).

Daffodil International University: Daffodil Smart City, Birulia, Savar, Dhaka-1216, Bangladesh
Tel: +8809617901212, +8802224441833-4,01713493051, 01713493141, 01841493050
E-mail: info@daffodilvarsity.edu.bd, Fax: +88 02 9131947

URMI GROUP:

- Offer insights into industry trends and provide access to resources.
- Host DIU students for internships and industrial training.
- Collaborate on research projects, offering technological insights and practical knowledge.
- Provide advanced machinery, textile and garment Samples (subject to availability) as part of CSR activities and maintain the display center at DIU.

4. GOVERNANCE STRUCTURE

A governing body or committee responsible for overseeing the implementation of the MoU:

Composition:

Name	Designation	Name	Designation
Mr. Tanvir Ahmed Chowdhury	Head, TE, DIU	Biplob Barua	General Manager, Strategic HR, Urmi Group Corporate Office: SAM Tower, Level-3,4, & 5 House: 4, Road: 22, Gulshan-1, Dhaka-1212, Bangladesh Cell: 01713-365428
Md. Abu Sayed Ibne Shams	Sr. Coordination Officer, TE, DIU	Mohammad Ashraful Islam	Manager, Strategic HR, Urmi Group Corporate Office: SAM Tower, Level-3,4, & 5 House: 4, Road: 22, Gulshan-1, Dhaka-1212, Bangladesh Cell: 01713-365428

*The composition of the governing body may be changed by the Head of the department of Textile Engineering from academic side and Biplob Barua from industry side.

Roles and responsibilities: The governing body will be responsible for monitoring the progress of collaborative activities, resolving any issues or disputes that may arise, and ensuring that the objectives of the MoU are met.

Meeting frequency and decision-making processes: The governing body will meet regularly to review progress, discuss upcoming initiatives, and make decisions regarding the implementation of the MoU. Decision-making processes will be collaborative, with input from all members of the governing body.

Daffodil International University: Daffodil Smart City, Birulia, Savar, Dhaka-1216, Bangladesh
Tel: +8809617901212, +8802224441833-4,01713493051, 01713493141, 01841493050
E-mail: info@daffodilvarsity.edu.bd, Fax: +88 02 9131947
www.daffodilvarsity.edu.bd

5. FINANCIAL ARRANGEMENTS

Funding for joint projects or initiatives: Both parties may contribute financial resources towards joint research projects, workshops, or other collaborative initiatives as outlined in the MoU.

Resource sharing agreements: Any sharing of resources, such as equipment, facilities, or personnel, will be governed by mutually agreed-upon agreements to ensure fair and equitable distribution.

Intellectual property rights and royalty arrangements: Intellectual property rights resulting from collaborative efforts will be managed according to established policies and agreements, with any royalties or benefits shared in accordance with the terms of the MoU.

6. DURATION AND REVIEW

Initial term: The MoU will have an initial term of 5 years, with provisions for renewal upon mutual agreement between both parties.

Conditions for renewal: Renewal of the MoU will be contingent upon the achievement of predefined objectives and the continued willingness of both parties to collaborate.

Process for review and amendment: The MoU will be subject to periodic review to assess progress, address any issues or challenges, and make amendments as necessary. Any proposed amendments to the MoU will require mutual agreement between DIU and URMI GROUP.

7. CONFIDENTIALITY

Agreement on the confidentiality of shared information and data: Both parties agree to protect any proprietary information shared during the course of collaboration. This includes but is not limited to, trade secrets, research findings, and other sensitive data.

8. PUBLICATION

All joint publications and reports will feature the logos of DIU and URMI GROUP. Both parties will review and approve materials before publication.

9. DISPUTE RESOLUTION

Mediation: In the event of a dispute or disagreement, both parties agree to first attempt to resolve the issue through mediation, facilitated by a neutral third party.

Daffodil International University: Daffodil Smart City, Birulia, Savar, Dhaka-1216, Bangladesh
Tel: +8809617901212, +8802224441833-4,01713493051, 01713493141, 01841493050
E-mail: info@daffodilvarsity.edu.bd, Fax: +88 02 9131947
www.daffodilvarsity.edu.bd

Arbitration: If mediation proves unsuccessful, disputes will be resolved through arbitration, with the appointment of an arbitrator agreed upon by both parties. The decision of the arbitrator will be binding.

10. SIGNATORIES

IN WITNESS WHEREOF the duly authorized representatives hereby agree to the terms set forth in this MoU.

Subject: Request for permission to undertake industrial attachment in your Industry

Dear Sir
I am writing to inform you that we are one of the leading private universities in Bangladesh offering various types of programs on textile engineering. We are pleased to inform you that we have received **IEB accreditation on Textile Engineering** program for the first time among all private Universities having similar program. Besides, we were the first to introduce **M. Sc. in Textile Engineering** program in Bangladesh. In our B.Sc. in Textile Engineering program we offer various courses of specialization including **Apparel Manufacturing Technology**. As part of this study and also as part of our B.Sc. in Textile Engineering program a student needs to undertake **2-month** long industrial attachment in an industry/organization. In this regard, the following student of our **Apparel Manufacturing Technology** stream is intending to undertake his industrial attachment in your esteemed industry/organization. It will highly be appreciated if you kindly allow him to conduct the industrial training in your industry/organization. As per his academic program schedule it will be better for him to commence the training from **July 10, 2024.** It may be mentioned that **Mr.Manik Parvez, Lecturer, TE** (Cell-01753967316) will supervise the student; therefore, he may be contacted for any further communication regarding this.

Therefore, I am requesting you to provide him with opportunity to conduct the industrial attachment in your well reputed industry/organization. Furthermore, it will also highly be appreciated if you kindly consider him for recruitment in your organization.

Name of the student	Student's ID	Cell.
Md. Mahadi Hasan	**213-23-5806**	**01957061530**

Yours Sincerely

03-04-2024

Tanvir Ahmed Chowdhury

10.4.1.4 DIU's Central Memorandum for Industrial Attachment

Daffodil International University (DIU)

Daffodil Smart City, Birulia, Savar, Dhaka – 1216, Bangladesh

Memorandum

Date : 07 March 2023

From : Registrar

To : All Deans
All Associate Deans
All Heads
All Directors
All Associate Heads

Subject: Industry Attachment Strategy and Procedure and formation of Industry Attachment Advisory Cell

Description:

As per the decision of the meeting regarding industrial attachment of DIU students (FSIT, FBE, FAHS, and FHSS) held on 30 January 2023 and subsequent approval of DIU Management the approved Industry Attachment Strategy and Procedure is attached here for your kind information and necessary action.

Industry Attachment Strategy and Procedure	**Planning and Execution** i. Students at DIU are required to work in the relevant industry during both the Spring and Fall semesters to improve their core and soft skills, which will help them improve their abilities, better serve their communities, and find a career path after graduation. ii. The Heads of the departments, in consultation with the course teachers, will make such a plan as per their contexts at the beginning of a semester using the given format and submit the plans to the respective Deans of the faculties. In doing so, the Heads will attempt to include a number of student batches enrolled in a variety of key courses that are appropriate for the students. iii. The Deans will verify the plans, conduct a meeting with the Heads for updating if necessary, and finally submit them to the Adviser, Industry Attachment Advisory Cell- IAAC (stated below).

	iv. Aside from these opportunities, students may complete their final year project (required for graduation) with an attachment to a relevant industry. v. The Adviser will conduct a meeting to discuss the plans with the Deans of the faculties and pass on their observations and comments to the Deans for any necessary amendments. **Reporting Performances** vi. After the completion of a semester (for example, Spring 2023), the HoDs will make a report using a given format. The format will incorporate statistical data on the students' attachment, completion rate, and overall performances in terms of competency development. This report will be made based on the judgment and evaluation of the industry experts with whom they worked and the course teacher. vii. The HoDs will submit the progress report to the respective Deans for discussion in a meeting. viii. The Deans (including the Dean of FE) will hand over the progress and performance report to the Pro-Vice Chancellor and adviser to the Industry Attachment Advisory Cell (IAAC) ix. The IAAC's adviser will convene a meeting to review progress, accomplishments, observed problems and solutions, and future initiatives and amendments. x. The IAAC will come up with ways for the university to improve industry attachment practices as a whole.

Monitoring, follow-up and review progress

For the successful implementation of the student industry attachment program, an Industry Attachment Advisory Cell (IAAC) led by the Pro Vice Chancellor has been established as stated below:

Industry Attachment Advisory Cell

Name and Designation	Role	Term of References
Professor Dr. S. M. Mahbub-Ul-Haque Majumder Pro Vice Chancellor	Adviser	Preside over meetings, provide guidance and directions for dealing with challenges, suggest new initiatives for further improvement, etc.
Professor Dr. Shamsul Alam Dean, FE	Member	Oversee, monitor, and support the industry attachment plans of the departments and report performances to the Adviser.
Professor A. M.M. Hamidur Rahman Dean, FHSS	Member	Oversee, monitor, and support the industry attachment plans of the departments and report performances to the Adviser.
Professor Dr. Mohammed Masum Iqbal Dean, FBE	Member	Oversee, monitor, and support the industry attachment plans of the departments and report performances to the Adviser.
Professor Dr. Md. Fokhray Hossain Dean, FSIT	Member	Oversee, monitor, and support the industry attachment plans of the departments and report performances to the Adviser.
Professor Dr Md. Bellal Hossain Dean, FAHS	Member	Oversee, monitor, and support the industry attachment plans of the departments and report performances to the Adviser.
Professor Dr. Md Kabirul Islam Dean, FGS	Associate Adviser	Review plans submitted by the departments to the Deans, identify problems, make comments, and suggest further improvements through the Adviser. Check the performance reports, figure out where the reports are missing information, and comment on the progress to help it get better in the future.

Chapter 8:	**Performance Evaluation**	12

Chapter 1 | Introduction

It is not intended to be construed as a directive. The university's faculties (Schools) possess the authority to modify the implementation in response to practical circumstances, while remaining committed to this framework and the overarching goals and structure of the Daffodil International University Undergraduate program.

The following goals are the focus of this document:

- To offer clarifications regarding the internship or required assignment for undergraduate program.
- To establish the structure and directives that govern the students' execution of the project or internship.

1.1 Clarification

Every student is required to fulfil a yearlong project or internship in accordance with the program's academic requirements in order to earn a degree.

Flexibility: Depending on their program requirements, a department may begin the internship program after the fourth semester.

Explanations:

a) Completing the project or internship is a fundamental requirement for all undergraduate students.

b) No projects or internships that are subject- or specialty-specific are available. This implies that students can be placed in a range of organizations, including those mandated by their degree, and are not restricted to internships related to their major discipline.

1.2 Duration of Participation:

a) Undergraduate students are required to complete a project or internship that spans a duration of 12-52 consecutive weeks.

b) Exception: In the case that unanticipated events prohibit an internship from being finished within the allotted time, the 12-week prerequisite is probably achieved by achieving the highest possible level of completion of two internships that are nearly equivalent in length. The rationale for the exception needs to be put in writing.

c) Undergraduate students may not be able to complete a project or internship with an only organized institution continuously. Instead, they have the freedom to work around their schedules across several semesters with several host universities to fulfill a minimum of 360 hours (6 hours a day, five days a week, and twelve weeks). However, it is recommended that undergraduate students be put in internships similar to those for graduate students, if at all possible, to prevent administrative issues.

1.3 Monitoring and Evaluation:

a) Apart from the designated academic members, an instructor at the place of employment will assess and evaluate the work of each student intern..

b) The assessments will become a permanent part of the pupils' file.

1.4 Why Projects / Internships?

Some of the main advantages of the project/internship for students are as follows:

- Acquiring hands-on experience in an authentic work setting. Acquiring skills to handle real-world obstacles.
- Developing interpersonal and communication abilities.
- Building trusting professional connections that may be utilized as references in the future when applying for jobs.
- Gaining a deeper understanding of one's own work preferences could aid students in considering future career paths.

1.5 Types of Projects:

The department will decide for the student's project discussing with students' choice and capacity.

1.6 Types of Internships:

Here are some instances of different sorts of internships. However, irrespective of the nature of the internship, it is essential to adhere to all the required criteria.

Paid and Underpaid Internships

i **On the job internship**

ii A location-based internship is one that takes place on-site. In other words, the intern must actually be present at the host organization.

iii **Virtual Internship**
A virtual internship can be performed from a distance and doesn't need the student to be present in person at the employer.

Chapter 2 | Project / Internship Office (Department)

2.1 Establishment:

a) This declaration echoes the role that the University Grand Commission (UGC) outlined in the original statement, demonstrating DIU's commitment to providing facilities and resources to improve undergraduate education and employment possibilities for its students.

b) The Department office will handle all internship-related issues in accordance with program standards and requirements.

2.2 Job Position and Duties of the Project / Internship (Department) Office:

The Project / Internship office will be tasked with a minimum set of obligations, which include:

Standard Job Title and Duties:

a) Develop an internship and project policy for the university based on UGC rules and global best practices.

b) Assign each pupil to a faculty mentor. The amount of students allocated to each faculty member will change based on the student-to-faculty ratio.

2.3 Project / Internship Allocation:

Internship Allocation	Professor	Associate Professor	Assistant Professor	Senior Lecturer
	3	3	2	2

NB: If the students is more than teacher ratio, it will be allocated by the guidelines of Faculty Dean.

Advisement:

1. Find possible host schools or industries and sign memorandums of understanding (MOUs) with them so that students can be placed with them.
2. Set up internships for first-year college students.
3. Ensure that every student is assigned a site monitor at the moderator school. A Practical Trainer has the ability to oversee many interns simultaneously.
4. Keep full records on every student for everything that has to do with jobs. Create internship assessments for design students to be assessed by the instructor and site supervisor.
5. Create and implement a student complaint and feedback form.
6. Set up regular events on campus, like internship fairs, workshops for improving professional skills, and hiring drives with the help of possible employers.

Chapter 3 | Host Institutions / Industry

An internship office has signed an MOU with a host school or industry, which is where the intern will work. A local, district, or autonomous body could be a host institution. So could a business (industrial and commercial companies), An educational institution that might be either a public or private university, a college, a school, or a recognized Non-Governmental Organization (NGO).

Chapter 4 | Supervisors

The Faculty Supervisor

A faculty member from the department of instruction will function as the supervisor for the teaching faculty.

4.1 Duties and Obligations:

Faculty supervisors should perform these duties:

- ✓ Contact the internship office. Arrange biweekly meetings with the student to evaluate the development of their internship.
- ✓ Help students create internship TORs.
- ✓ Address student inquiries, offer advise, and assist with internship concerns.
- ✓ Contact site supervisor/host official as needed.
- ✓ Reviews and provides feedback on student entries.
- ✓ Review site supervisor assessments.
- ✓ Ensure internship office have all necessary documentation.
- ✓ To conclude the project or internship, evaluate the student based on site supervisor/host official evaluations and student contributions.

4.2 The Practical Trainer /host official:
Each student-intern will be assigned a Practical Trainer by the Internship office.
Duties and Obligations:
The subsequent are the anticipated duties and obligations of the job supervisor.:

- ✓ Communicate with the internship office and faculty supervisor.
- ✓ Orient intern and explain work structure and nature.
- ✓ Provide training, guidance, and feedback to the student intern during the internship.
- ✓ Regularly submit assessments to the internship office and faculty supervisor every four weeks.

Chapter 5| Student of Project / Internship

Following are some of the expectations from student-interns.

5.1 Duties and Obligations:

- ✓ Communicate to the office of the project or internship.
- ✓ Keep in touch with your faculty supervisor.
- ✓ Comprehend the conditions of the project or internship and carry out the duties allocated to you while being guided and watched over by the site supervisor.
- ✓ Weekly reports detailing assignments and learning experiences should be prepared and sent to the project/internship office and the academic supervisor.
- ✓ Ensure that you maintain a weekly activity log and submit it to both the project/internship department and academic supervisor each three weeks, along with the progress report.
- ✓ Ensure that the Practical Trainer diligently completes the scheduled evaluations, which are required every three weeks, and submits them to both the faculty (Department) supervisor and the project/internship (Department) office.

Chapter 6| Procedural Actions

Below are the recommended steps for carrying out the Project / Internship:

Step 1: Registration/ Enrollment

- All undergraduate students are registered with the Project / Internship office..

Step 2: Allocation of Faculty Supervisors

- Each student is assigned a faculty supervisor by the Project/Internship office.

Step 3: Employment of students

- Students are allocated to host schools who have established Memorandums of Understanding (MOUs) with the Project/Internship office. However, students have the freedom to independently search for internships. During such circumstances, the internship department will evaluate and approve the internships selected by the students.

Step 4: Assignment to Practical Trainer

- After a student has been assigned to a host educational institutions, the Project / Internship office will assist in selecting practical trainer via the host university.

Step 5: The Internship Terms of Reference

- Prior to the commencement of the project or internship, every student-intern will create a code of conduct for the internship (ToR), which will then be shared with the project/internship office by the faculty supervisor.

Step 6: Employment at the Host Institution

- Under the job supervisor's guidance, the student will continue to be involved at the host institution. When needed, The student will get advice and direction from the teacher adviser.

Step 7: Assessment of Performance

- Every two weeks, each intern's work will be examined at.
- The evaluation forms will be sent to the student, the site supervisor, the teacher supervisor, and the office for the project or job.

Step 8: Completion

- Along with the grade, the certificate of successful completion will be added to the student's transcript.

Chapter 7| Defense Board for Internship / Project

Rationality: A four members' Board is required for each session consisting 10 to 12 students in a group for Presentation (Project / Internship)

	Committee	
1	**Chairman of the Board**	**Professor Level:** Overall responsibility for the Board The faculty should have research and industry knowledge / experience. The faculty should have 100 to 500 level course experience of the program. The faculty should have OBE curriculum and BNQF knowledge
2	**Member -01`**	**Professor / Associate Professor:** - Faculty should have 400 – 500 level course teaching experience in the dept. - The faculty should have practical knowledge of industry - The faculty should have applied research experiences.
3	**Member -02**	**Associate Professor / Assistant Professor:** - The faculty should have 100 -300 level course teaching experience - The faulty should have research knowledge - The faculty should have update knowledge on curriculum of the program - The faculty should give the opinion on student's written project report.
4	**External Member**	- External member must be a senior person from academic institution / Industry (Equivalent to Associate Professor / Professor) - The external member must have research knowledge, - The external member must have update knowledge of the recent changes in industry. - The external member may participant in research at DIU. - Physical presence of the external member for defense board is required - The submission of the individual's CV/Resume is a prerequisite for making a request to the Dean of the Faculty, and it should be done through the department head.

General Guidelines:

- ✓ The minimum and maximum number of students for each Board member will be 10 and 12, respectively.
- ✓ The application for board approval for the external member(s) will be sent to the Honorable Pro-Vice Chancellor via the Dean of Academic Affairs.

- Once the committee is approved by Honorable Vice Chancellor, the committee will work two years (four semesters) from the approval date.
- The committee may select and recommend the extraordinary Project Report / Internship Report for students' AWARD.

Role of the External Examiner Includes:

Requirements; leading viva voce examination; judging standards External supervisor(s) include:

- An academic staff member who works for a different academic institution or business (ideally)
- An adjunct, honorary, or emeritus appointment at a different university or business
- A scientist who works for a research organization or scientific research organization
- A specialist working in a business, industry, community, government, or non-profit organization; a retired academic actively engaged in research;
- A specialist in the technology-based creative industry;
- A self-employed individual with project-relevant expertise A community leader, or knowledge holder

Responsibility:

- In particular, the External Examiner must determine whether the student's work and knowledge for the internship report and project report are on par with those of students being examined at other institutions for the same degree. The External Examiner must read the student's thesis and present during the viva voce/examination.

Disagreement between Examiners

Includes: joint decisions; when particular weight should be given

- ✓ Should the Internal and External Examiners disagree about the proper result of an examination or viva, they should discuss in-depth the specific academic points that arose from the assessment in order to reach a mutually agreed-upon decision.
- ✓ Where there are two Internal Examiners, the session chair should receive extra weight; in this case, special weight should be given to the External Examiner's opinions.

Role of Project / Internship Supervisor:

1. Give pupils more self-assurance when collaborating with the supervisor
2. A manual for organizing the dissertation and thesis
3. Agree to work together towards the goal.
4. Attend to the issue(s) raised by the students.
5. Encourage and assist them in overcoming their challenges.
6. Help students acquire a high degree of knowledge
7. Provide students with emotional assistance
8. Establish the schedule and manage time with the consent of the pupils
9. Instructions for reading the relevant research study and documents.
10. Offer researchers and professionals in the topic of study.
11. A contract and meeting schedule established in accordance with student consent
12. Teach students how to argue and present recognize the dates for presentations and defenses
13. Assist/guide students with their research publications and teach them critical

Role of the Head and Faculty Dean

Includes: Instructions for examiners

The Head of Department and Dean of the Faculty must recommend the appointment of the internal and external examiners.

The Faculty Dean may recommend the top Project Report / Internship Report to authority for AWARDs.

Head of the Department / Program Director will give proper guidelines for this Internship Report / Project Report.

Academic Course completion is required before the defense by the student(s)

Standard Rubrics and OBE for Internship Report / Project Report

The Department & Faculty will follow the particular Standard of RUBRICS as per requirement of Professional Body (IEB / BAC/ Bar Council / Pharmacy Council / any other, if required. This must be informed to IQAC of DIU.

Chapter 8 | Performance Evaluation Form

Instruction for Final Assessment

Please be aware that the following is an accurate evaluation of the student's skills and success in different areas. Because this review is public, the student should keep it for future use, especially when looking for jobs. To improve the student's job applications even more, extra pages or a letter of support may be added. Thank you very much for your understanding and help.

Assessment

S/L	Particular	Grade	Percentage	Remarks		
1	Lacks this Skill	F	0%-40%			
2	Limited / Minimal Skill Level	D	40%-45%			
3	Adequate / Average Skill Level	C	45%-55%		C	C+
4	Above Average Skill Level	B	55%-70%	B-	B	B+
5	Exceptional Skill level	A	70%-80%	A-	A	A+

Putting together the Teaching-Learning and Assessment Strategy with the Course Learning Outcomes (CLOs)

	Teaching-Learning Strategy	Assessment
CLO1	**Professional Workplace Conduct and Ethics** By the end of the internship, students should demonstrate professional work ethics and behavior, which includes punctuality, accountability, and the ability to collaborate well with colleagues in a professional setting.	Supervisors' comments and student self-assessment reports that consider their professional behavior can be used to assess this outcome.
CLO2	**Applying Theoretical Knowledge into Practice** Students must be able to apply the theoretical knowledge they have gained in the classroom to situations that emerge in the real world in order to effectively complete their internships. This demonstrates their command of the practical applications of concepts.	Through project reports, case studies, or presentations, students' capacity to apply academic knowledge to real-world situations during their project or internship may be assessed.
CLO3	**Effective and Interpersonal Communication Skills** Students should have shown excellent communication skills at the end of the internship, including the ability to listen intently, talk clearly, and work well in teams or with customers.	This goal can be assessed using peer reviews, supervisor comments, and written reports or presentations that demonstrate effective communication.
CLO4	**Problem-solving and Critical Thinking** Throughout their project or internship, students should be able to assess complex issues, apply critical thinking, and come up with original solutions to issues they run into.	In order to show that they have understood this goal, students could utilize a final project or report to highlight a major issue from their internship and provide possible solutions.

Course Learning Outcomes: At the end of the Course, the Student will be able to-

Skills	Details	CLO
Initiative	A. Looks for learning opportunities B. Takes initiative to complete tasks even when instructed not to C. Makes decisions quickly on important matters D. Gets beyond challenges and issues E. Specifies objectives, communicates them, and monitors progress	**CLO1**
Ability to solve problems and make choices	A. Evaluates events and knows how to handle them well. B. Comes up with new ways to solve problems. C. Gathers and evaluates the necessary information to finish a job, making smart choices within the allotted time. D. Completes set jobs successfully within the time limits given.	**CLO2**
Ability to Communicate	A. Shows that they have the good speaking communication skills needed for the job. B. Written conversation that gets ideas across clearly and briefly. C. Takes part in conversations, shares knowledge easily, and asks good questions. D. Shows they are paying attention to comments and are actively looking for ways to improve based on helpful criticism.	**CLO3**
Teamwork	A. Builds trust and rapport with teammates B. Disseminates knowledge and resources to others C. Helps and collaborates with colleagues D. Shows a readiness to invest more time and energy E. Takes on the proper leadership role or roles.	**CLO3**
Self-Management	A. Completes jobs accurately and upholds high standards of quality. B. When standard methods don't work, looks for new ways to do things. C. Uses good judgement when making decisions and sets priorities for jobs well. D. Time is well managed, and production is at its highest. E. Follows a rule of ethics and acts in an honest way. F. Always shows up at the time they say they will, making them reliable and quick.	**CLO3**
Expertise in Tech	A. Having the right professional skills for the job is important. B. Exhibits a strong desire to learn new skills and improve current ones. C. Employs technology in a way that fits the needs of the job. D. Proven ability to use a variety of tools effectively at work.	**CLO4**

Evaluation: Crucial Performance Measures Performance evaluations will be based on the minimum of the following metrics:

1. Work Accomplishment: The intern or project satisfies performance requirements for the duties given to them.
2. Creative and problem-solving abilities: The project or intern exhibits analytical aptitude in addition to deconstructing difficult assignments and generating concepts and answers.

3. Organizational Skills: The project or intern upholds the mission and objectives of the organization and conforms with organizational policies.
4. Communication Skills: The project or intern exhibits the necessary verbal and writing abilities.
5. Interpersonal Skills: The intern or project can work well with others and as a team.
6. Professional Conduct: The project or intern exhibits traits like drive, passion, honesty, and dependability.

Subject: Appointment Letter

Further to our interviews and follow-up discussion, the management of Pentagon Knit Com Ltd is pleased to offer you an appointment with **Trainee Merchandiser (Merchandising)** on the following terms and conditions:

1. Your employment with Pentagon Knit Com Ltd will commence on **05th July-2025.**

2. You will be based at Pentagon Knit Com Ltd and **will report to the Manager (Merchandising)** of Pentagon Knit Com Ltd.

3. You will be on probation for 3 (Three) months from the date of your appointment. On satisfactory completion of the probation period, you will be confirmed in permanent employment.

4. Unsatisfactory progress during probation may result in extension of the period at the discretion of the company. During the period of probation, one month notice or payment of one month's basic salary in lieu of notice will be required on either side for termination of employment with no reason needed to be given for such termination.

5. Effective from the date of your joining, you will be paid a salary of **Tk-10,000/= (Ten thousand Tk. only).** In addition, you will be entitled to festive and annual bonuses which will depend on the Bonus Scheme in existence.

6. During the period of your probation, you will be entitled to leave due to illness or to attending family emergencies. For such leave application must be made to the Human Resource Department with the approval from your head of department. Upon confirmation you will be entitled to various leave(s) with effect from the date of joining, in accordance with the Standard Personnel Policies of the company for the time being in force including any amendments thereto to be made from time to time.

7. In accepting employment, you agree to abide by all the prevailing rules & regulations of the company, including any amendments thereto to be made from time to time. Your failure to abide by any such rules & regulations as well as accord to the discipline in the company, shall result in appropriate disciplinary actions by the company.

8. You are required to observe and comply with strict codes of confidentiality. Any breach will result in appropriate disciplinary actions by the Company, which may include instant dismissal. This breach also includes divulging either directly or indirectly to any person or body of any information of the following classifications –

PENTAGON KNIT COM LTD

a) Written, oral, documentary, or any kind whatsoever.
b) Which is acquired by you as a result of your employment with the company?
c) Which concern the affairs of property, enterprise and undertaking of the company including its business, trade matters and secrets

9. You will be full time employee of the company and shall not engage yourself if any other works, profession or employment.

10. Your employment may be terminated by the company at any time for any reason whatsoever including the breach of any of the terms and conditions as stated herein, with 60 (sixty) days' notice in writing or 60 (sixty) days basic salary without reason being assigned.

11. You need to follow the company rules, regulations and policies as well as Bangladesh Labor Law-2006 and Labor Rules 2015. Breaking of any such may cause the termination of your service at Global Apparel Park Ltd. Notice will not be required if your service is to be terminated by the company for misconduct or disobedience.

12. If you come under the "Income Tax", Company will deduct the Tax amount from your salary to pay part/ complete your Income Tax.

If you agree to accept this employment on the terms and conditions noted above, please sign the duplicate of this letter as a confirmation of your acceptance.

We would welcome you to Pentagon Knit Com Ltd and sincerely hope that your career with the company will be prosperous and rewarding.

Thanking You

Md. Monirujjaman Nayon

Subject: Formation of Committees to evaluate the Thesis/Project/Capstone Project (TE 407/417/4214/400) of B.Sc. in TE final year students of Spring- 2025 semester.

Sir,
I have the honor to bring to your kind notice that we are proposing the following committees (for Fabric, Wet process & Apparel streams) to evaluate the B.Sc. in Textile Engineering final year projects (TE-407/417/4214/400) of Spring- 2025 semester.

A. Fabric Manufacturing Stream

Committee-1[Exam date: 15 July, 2025 at 11.00 am]

1. Dr. Toufique Ahmed, Associate Professor, TE — Chairman
2. Mr. Subrata Majumder, Lecturer, TE — Internal
3. Mr. Zihan Kaisar, Lecturer, TE — Internal
4. Md. Reasat Aktar Arin, Assistant Professor, Department of Fabric Engineering, BUTEX — External

B. Wet Processing Stream

Committee-1[Exam date: 16 July, 2025 at 11.00 am]

1. Mr. Tanvir Ahmed Chowdhury, Assistant Professor & Head, TE — Chairman
2. Dr. Mainul Morshed, Assistant Professor, TE — Internal
3. Mr. Md. Kamrul Islam, Lecturer, TE — Internal
4. Engr. Zahedul Haque, General Manager, Ocean Textile Effect — External

C. Apparel Manufacturing Stream

Committee-1[Exam date: 16 July, 2025 at 10.00 am]

1. Mr. Mohammad Abdullah Al Mamun, Associate Professor, TE — Chairman
2. Dr. A.B.M. Nazmul Islam, Assistant Professor, TE — Internal
3. Mr. Anik Kumar Das Lecturer, TE — Internal
4. Prof. Dr. Mahmuda Akter, Dean, Faculty of Fashion Design & Apparel Engineering, BUTEX — External

Committee-2[Exam date: 16 July, 2025 at 11.00 am]

1. Mr. Mohammad Abdullah Al Mamun, Associate Professor, TE	Chairman
2. Mr. Md. Masud Raihan, Assistant Professor, TE	Internal
3. Mr. Md. Farhad Hossain, Lecturer, TE	Internal
4. Prof. Dr. Mahmuda Akter, Dean, Faculty of Fashion Design & Apparel Engineering, BUTEX	External

I, therefore, request you to be kind enough to approve the committee and the schedule of Viva voce.

Yours faithfully

Department of Textile Engineering

A meeting of the Department of Textile Engineering with Industrial Experts was held as per the following schedule:

Date: 15th February 2025 (Saturday)
Time: 3.00 PM
Venue: HoD Meeting Room
Chair: Head, Department of Textile Engineering

The meeting commenced with a warm welcome from the Head of the Department, who thanked all members for their valuable time and continuous support in strengthening the academic–industrial collaboration. The following agenda items were discussed in detail, and the corresponding decisions and responsibilities were recorded as follows:

Serial No.	Agenda	Decision	Responsible
1	Capstone Project	Members emphasized the need to align student capstone projects with real industrial challenges. They have also evaluated and approved the students' proposed titles and modified the titles by adding relevant methods for investigation according to the needs of industries.	Faculty Supervisors, Industry Mentors
2	Miscellaneous	The Head proposed forming a subcommittee or urging the industry-academia collaboration committee to monitor industrial experts recommendations and follow up on implementation before the next meeting. The members unanimously agreed and expressed interest in continued engagement.	Head, TE; IAP Coordinator

As there were no other issues to discuss, the Head declared the meeting closed with a vote of thanks to all members present.

Pager, Gazipur, Tongi

Subject: Request for permission to undertake required test of textile materials in your Industry.

Dear Sir,

I am writing to inform you that we are one of the leading private universities in Bangladesh offering various types of programs on Textile Engineering. You will be glad to know that we have received **IEB accreditation on Textile Engineering** program for the first time among all private Universities. Besides, we were the first to introduce **M.Sc. in Textile Engineering** program in Bangladesh. The following students of our **Department of Textile Engineering** are doing the industrial attachment in your esteemed industry. They need to test characteristics of textiles samples for their capstone project purposes. It will highly be appreciated if you kindly allow them to conduct the required tests in your industry/organization.

Therefore, I am requesting you to provide them with opportunity to conduct the required tests in your well reputed industry.

10.4.2.4 Capstone Projects List

Daffodil International University

Department of Textile Engineering

Capstone Project List

Semester: Fall 2025 (offered in spring'26)

Approved Capstone Projects

SL	Supervisor	Project Title	Student ID(s)
1	**Zihan Kaisar** *Lecturer* ID: 710003735	**Effects of Loop Length on Pilling Tendency of Weft Knit Fabric**	221-23-1179, 221-23-1199
2	**Alamgir Hossain** *Senior Lecturer* ID: 710000588	Development of Up cycled Denim Fabric for Thermal & Acoustic Insulation Applications	221-23-1100, 221-23-1082
		Impact of different sewing thread types on seam strength	221-23-1140, 221-23-1150
3	**A.B.M. Nazmul Islam** *Asst. Professor*	**Strategic Advantages of Lean Technique Application in Apparel Industry to improve Productivity**	221-23-1218, 221-23-1208
4	**Subrata Majumder** *Lecturer* ID: 710001912	Design and Development of Up cycled Denim-Base Tote Bags through Sewing Techniques	221-23-1211, 221-23-1223
		Development of a Productivity Handmade Low-Cost Mannequin for Fashion Designers	221-23-1166, 221-23-1239
		Development of Prototype Filtering Baskets in the Drainage System of Dhaka City to Reduce Blockage During Monsoon	221-23-1176, 221-23-1188
		Impact Analysis of Different Weaving Parameters (On Loom and Off Loom) on Fabric Shrinkage	221-23-1263, 221-23-1254
		Impact on Yarn Count on Weaving	193-23-5747
5	**Toufique Ahmed** *Associate Professor* ID: 710003734	**Comparative Skirt Design : Substituting Traditional Knife Pleats Minimal- Pleat Technique**	221-23-1234
		Techno -Economic Facility Analysis for Up cycling Local Pet Waste by producing knit Fabrics	221-23-1098
		Comparative Analysis of woven Fabrics produced from r PET vs Virgin Cotton	221-23-1195, 221-23-1200
		Application of Lean six sigma to Reduce Cost in the Finishing and Packaging Section	221-23-1148, 221-23-1172

Page 1 of 4

SL	Supervisor	Project Title	Student ID(s)
6	**MAINUL MORSHED** *Assistant Professor* ID: 710003245	**Sustainable Approaches of Disperse Dyeing Process Replacing Organic Acid with Vinegar**	221-23-1269
		Sustainable Approaches of Acid Dyeing Process replacing Organic Acid with Vinegar	221-23-1185, 221-23-1278
		Sustainable Approaches of Basic Dyeing Process replacing organic acid with Vinegar	221-23-1198
7	**Md. Mashud Raihan** *Assistant Professor* ID: 710000752	Recycling of Waste Denim for Hand Bag, Wall Bag & Heat Production	221-23-1175, 221-23-1249
		Product Development of Ladies Bag from Textile Waste Denim	192-23-5656
		Development Over dye and Washed Cotton Jacket	221-23-1160, 221-23-1180
		Eco- Friendly Alkaline Peroxide Method for Extraction of Soft Bamboo Fiber from Raw Bamboo	221-23-1116, 221-23-1117
		Development of Ladies Bag and Mobile Bag from Rejected Waste Denim	221-23-1227, 221-23-1228
		Development of Disposable Slipper from Sisal Fiber and Wastes Garments	221-23-1229, 221-23-1245
		Design of Lyo cell Woven Short for Dummy of Apparel	221-23-1242, 221-23-1215
		Development and Performance Evaluation of Water -Repellent Denim Laptop Bag	221-23-1264, 221-23-1236
		Development of Sustainable Footwear Using Denim Fabric and Rubber with a Dondul Based Insole	221-23-1109, 221-23-1247
8	**Abdullah Al Mamun** *Associate Professor* ID: 710000465	Development of Sample of a Denim Bottom from a tech pack supplied by the Buyer	221-23-1128, 221-23-1154
		Development A Baby Boys Denim Shirt	221-23-1132, 221-23-1131
		Design and Development of a Sustainable Fashion Gym Bag Using Wastage Denim Fabric	221-23-1080, 221-23-1083
		Title of FUDP : Design & Development of A Ladies Long Vest Using Recycled Fabric	221-23-1209, 221-23-1244
		Development of a Defect SWATCH Board for Quality Control in the Garment Industry	221-23-1107, 221-23-1105
		Analysis of Merchandising Process of NEXT Buyer for Woven	221-23-1122, 221-23-1127

SL	Supervisor	Project Title	Student ID(s)
		Develop a Defect Swatch Board After Analyzing Quality Reports	221-23-1153, 221-23-1146
		Productivity and Cost Evaluation of Unit Production System and Progressive Bundle System Using SMV in Garment Manufacturing	221-23-1230, 221-23-1243
		Product Development of Girls Peplum Sweat Top	221-23-1189, 221-23-1216
		Identifying a good quality reusable shopping bag among Taffeta knit and Denim Fabrics	221-23-1095, 221-23-1135
		Title of FYDP: Design & Development of Boys Tops (Denim Pullover)	221-23-1224, 221-23-1205
		Up cycling Old Jeans into Fashionable Tote Bag	221-23-1221, 221-23-1210
		Proper Merchandising & Quality Management System in RMG Sector	201-23-909
		Evaluation of Production Flow and Cost Efficiency in Basic T-Shirt Manufacturing	221-23-1138, 221-23-1139
		Design and Development of a Reusable Foldable Taffela Shopping Bag	221-23-1219, 221-23-1226
		Determination and Comparison Between the Seam Strength of Woven Fabric with Different GSM and Composition	221-23-1246, 221-23-1265
9	**Tanvir Ahmed Chowdhury** *Associate Professor and Head* ID: 710000565	Reuse of Dye -bath for Polyester Dyeing	221-23-1169, 221-23-1170
		Application of Natural Dyes Extracted from Hibiscus rosa-sinensis and Rosa Species on Knitted Cotton Fabric : A sustainable Approach Using Bio Mordents	221-23-1252, 221-23-1272
		Salt Free Reactive Dyeing of Cotton Fabric Using Amino Acid Extracts from Soya Hulls as as a Natural Cationizing Agent	221-23-1255, 221-23-1258
		Application of Papaya Juice as natural dyes on 100 % cotton & CVC fabric using bio mordents	221-23-1167, 221-23-1184
		Turmeric -Based Natural Dyeing of Cotton: Assessing Natural, Synthetic and Non -Mordant Methods	221-23-1253, 221-23-1277
		Reuse of Dye -bath forCotton Dyeing	221-23-1164, 221-23-1181
		Application of Mehedi on cotton fabric as Eco Friendly DYE	221-23-1212, 221-23-1204

SL	Supervisor	Project Title	Student ID(s)
		Physical Property Modification of knitted fabrics through Bio Polishing	172-23-5097, 151-23-4278
		Natural Dyeing of Cotton with Banana Sap as a Green Mordant and Dragon -Fruit Concentrate	221-23-1260, 221-23-1276
		Development of Air Circulated Biker Jacket	221-23-1168, 221-23-1187
		Integrating health safe mobile phone storage in Casual Shirt	221-23-1110, 221-23-1250
		Development of Eco Conscious Hybrid Process of 100 % Cotton Fabric	221-23-1118, 221-23-1235
		Development of Natural Mosquito Repellent and Breathable Cotton Textiles using Mint Dye and Bio Mordant	221-23-1115, 221-23-1156
		Development of Natural Dyes Using Jackfruit Bark	221-23-1266, 221-23-1279
		Characterization and Cost Analysis of Banana Fiber viscose blended fabric for sustainable Textile Application	221-23-1142, 221-23-1149
		Analysis of Sewing Defects and Efficiency Improvement Strategies in Garments Manufacturing	221-23-1099, 221-23-1079
		Summer Friendly Weeding Gown	221-23-1194, 221-23-1281
		Application of Natural Dyes Extracted from Hibiscus rosa- sinensis and Rosa Species on Knitted Cotton Fabric : A Sustainable Approach Using Bio Mordents	221-23-1152

10.4.3.1 Policy of industrial visits

Daffodil International University

Daffodil Smart City, Birulia Savar, Dhaka-1216

Faculty of Engineering

Department of Textile Engineering

Office of the Head of the Department of Textile Engineering

Memorandum

Date: 9 July, 2025

From: Tanvir Ahmed Chowdhury
Head, Department of Textile Engineering

To: All the Faculty member of Department of Textile Engineering

Subject: Industrial Visit Policy for the Students of the Department of Textile Engineering

Policy:

1) The students of the Department of Textile Engineering will avail one industrial visit in Level 3 Term 2 and another visit in Level 4 Term 1.
2) Each visit will be conducted under the guidance of the designated faculty member, along with the cooperation of an industrial expert from the industry.
3) Student's performance will be evaluated on the report submitted by them after the visit by the designated faculty members.

Copy To:

1) Dean, Faculty of Engineering
2) Office Copy

10.4.3.2 List of recent industrial visits:

SL No.	Factory Name	Year	No. of Students	Contact Person Details
1	Union Textile Ltd.	2/18/2018	25	Asit Ghosh
2	Bengal Hurricane dying and printing Ltd.	7/23/2019	6	Md. Mominur Rahman
